

## REPUBLICANS WIN MAINE FIGHT BY GOOD VOTE

District Carried By Wilson  
Last November Now  
Reverses Standing

### CONTEST WAS WARM

Treachery, Says Defeated  
Democratic Candidate  
For Office

PORTLAND, Sept. 8.—Speaker John A. Peters, Republican, of Ellsworth, was chosen to fill the vacancy in the third Congressional district today by a plurality of 562 over Mayor William A. Pattangall, Democrat of Waterville, with Edward M. Lawrence of Lubec, Progressive, a poor third in the race. The returns in this special election from all but a small island plantation gave: Peters, 15,106; Pattangall, 14,556; Lawrence, 4,487.

The vote for President in November was:

Wilson, Democrat, 14,632; Roosevelt, Progressive, 13,236; Taft, Republican, 11,618.

The election, made necessary by the death of Forest Goodwin, the Republican representative from that district, was fought out on national issues with speakers of national prominence stumping the district for the Progressive, Republican and Democratic candidates. Voters responded to the appeal in larger numbers than voted at the last presidential election.

Republican leaders were jubilant tonight over their success. Peters said: "I regard the result of the election as a signal triumph, not only for the Republican principle of protection, but also for the new liberal republicanism. I believe it to be entirely possible to harmonize and reunite the anti Democratic strength. The difference between the Progressive and regular Republicans are not fundamental, but more a difference of opinion to how the same principles should be administered."

**TREACHERY HE SAYS**  
Pattangall, the Democratic candidate gave out the following statement tonight:

"From the returns which I have received, should judge that Mr. John A. Peters was elected to Congress from this district by a plurality of 302 to 400 in a total vote of about 35,000. The result should not be construed as a rebuke to the national administration. It is wholly to be attributed to Democratic treachery. Because certain men failed of success in the primaries they deliberately sacrificed the party in this election. The Democracy of Maine is loyal to President Wilson and will present a united front in the next four years' campaign."

Halbert P. Gardner, member of the Progressive national committee of Maine, said:

"The returns indicate the election of John A. Peters in the third district. We had no money. Lack of funds hampered the Progressive working organization and prevented proper publicity. It is evident that the voters of the third district are absolutely opposed to the policies of the Democratic party."

## TEN MINERS ARRESTED; BEAT UP ORGANIZER

Attack On Frank Jarnigan  
Will Be Investigated  
By Grand Jury

CLARKSVILLE, W. Va., Sept. 8.—Ten men were arrested today on charges that grew out of a recent assault upon Frank Jarnigan, an organizer for the United Mine Workers of America, employed to organize the miners at Jamestown. The men were held to the grand jury. Jarnigan was almost killed in the assault upon him. He formerly was a mine guard, employed by operators at Jamestown, the scene of an assault committed upon Peter Stewart of Mr. Alister, Okla., president of the miners' organization of this district.

### HISTORIC INDIAN BUILDING OF SAN JOSE IS TO BE PRESERVED

SAN JOSE, Sept. 7.—An adobe building put up by Indians 120 years ago and said to be the oldest in Santa Clara county, has been purchased by the Santa Clara Woman's Club and will be repaired and preserved. Priests, it is thought, directed the building of the huge and it was used as a stopping place in mission to mission journeys. During the Mexican occupation, it was a famous social center for the valley. The woman's club plans to establish a museum in the old building.

### MOTHER IS DROWNED IN SAYING CHILD

PORTLAND, Sept. 8.—When the 3-year-old daughter of Mrs. Edie Barton fell into the Willamette river today while playing on the shore near the city, her mother leaped after her in a frantic attempt to rescue. Mrs. Barton seized the child, but both sank, and both were drowned. The woman was rescued by a passing boat. The child's body was recovered an hour later by Frank Barton, her husband, who dragged it up with a pole.

## RUSSIA AFRAID OF SPREADING CHOLERA IN THE BALKANS

ST. PETERSBURG, Sept. 8.—Owing to the spread of cholera in Rumania and Bulgaria, the Russian government is taking measures of precaution in the districts of Kharan, Malia and Bessarabia, which officially and declared to be threatened with cholera.

### GIRL'S SECOND ATTEMPT TO SUICIDE SUCCEEDS

SAN JOSE, Sept. 8.—Miss Louise Dalton, who a month ago jumped from a ferry boat between San Francisco and Oakland, but who was rescued, ended her life last night by hanging herself in the barn at the rear of her parents' home at 514 and Julian streets in this city. For some months she had been dependent because of illness.

## TWELVE HELD FOR WILLARD'S DEATH

Prosecution Under Charge  
Of Murder Is To Be  
Pressed

LOS ANGELES, Sept. 8.—Jess Willard, who as principal, Tom McCarthy as promoter, and ten others, interested in the fight in the Vernon arena on August 22 were held today to the Superior Court on charge of murder in the second degree and prize fighting.

This was a victory for the prosecution, which succeeded in altering the original charge of simple manslaughter which resulted from the death of John Young, who fought Willard.

The decision was made by Justice Summerfield at Vernon, before whom the preliminary hearing was held. At Greenwald, it was named as a promoter of the fight. The decision also holds Tom Jones, Willard's manager; Harry Gilmore, Jr., Young's manager; Al Harder, time keeper; Charles Epton, referee; Walter Monahan, John Davies, Charles Aspinwall, James Cameron and Eddie Webster, who acted as seconds.

Little material testimony was heard at today's session. Earl Rogers, chief counsel for the defense, made a final effort to convince the judge that the bout was legal and that the death of Young had been accidental.

The bonds of \$5000 for Willard and \$1500 for each of the other defendants remained unchanged.

### YESTERDAY IN CONGRESS

**SENATE**  
Met at 10 a. m.  
Debate on tariff bill resumed with prospect of passage or agreement to vote tomorrow.

**HOUSE**  
Met at 11 a. m.  
Administration currency bill delayed by majority report and probably will come tomorrow.

**NOTED EXPERT ON  
CRIMINALS DIES**  
Arnop Bainbridge Became  
Member of San Francisco  
Police In 1869

SAN FRANCISCO, Sept. 8.—Former Detective Sergeant Arnop Bainbridge, who for many years was widely known as one of the most expert identifiers of criminals in this country, died yesterday at his home in Sausalito, aged 81. Three days ago he fell down a flight of stairs, receiving injuries from which he never recovered.

Bainbridge was born in Norfolk, England, and went to New York when he was a boy. He came to San Francisco in 1855. In 1869 he became a member of the police force, assuming charge three years later of the bureau of criminal identification. He retired from active service in June, 1907.

Many thousands of criminals passed under his observation and his memory was so extraordinarily retentive that he never forgot a face, a single line that he had seen, or a police and courts of many states.

## MINE MANAGER TALKS TO STRIKERS

CALUMET, Mich., Sept. 8.—In an address today to copper mine strikers at the battle mine, General Manager P. W. Deffen of the Battle, Champion and Tri-Mountain mines, comprising the Copper Range Consolidated, informed them that his company has no intention of treating with or recognizing the Western Federation of Miners. He told them that the company would take any of the men's other demands such as higher wages and better working conditions. They would drop the Federation and return to work. Deffen is the first operator personally to address the strikers since the strike was started July 27.

Women strike pickets were much in evidence again today.

## LLOYD-GEORGE IS PREPARED FOR AGRARIAN REFORM

Will Start Liberal British  
Land Campaign Next  
Month

### CABINET UNCERTAIN

Hopes to Retain Office Until  
After Home Rule Act  
Is Inaugurated

LONDON, Sept. 8.—David Lloyd-George, chancellor of the exchequer, according to official announcement, will inaugurate his great land campaign at a meeting at Bedford, October 11th.

The committee which the chancellor appointed to study the question has concluded its labors and its report will be issued soon after the Bedford meeting. It is understood that this will recommend chiefly the adoption of small holdings cultivated by tenant occupiers, this tenancy system being safeguarded by land courts. It also will propose reforms in the condition of agricultural laborers, fewer hours of work, more holidays and the institution of wages boards.

It is believed, however, that the cabinet still is far from agreed on details of the land policy.

According to the Liberal papers, the government is basing all its plans on parliament, lasting until 1914. They point out, however, that dissolution is likely to occur in June or July of that year. This would be before the new Irish parliament actually was sitting, for a delay of some fifteen months is expected before the Home Rule bill receives royal assent in June, 1914, and the actual constitution of the parliament at Dublin.

LONDON, Sept. 8.—The Daily Citizen, a labor organ, announces that the late Lord Carnarvon, who crossed to North Ireland last night, and precautions have been taken to prevent the journey from becoming publicly known. It suggests that the visit has some connection with the Ulster agitation, as the duke of Carnarvon has been mentioned as the first viceroy of Ireland under home rule.

## ANTI-CHINESE RIOTS CONTINUE

Peking Government Anxious  
to Appease Tokyo  
—New Cabinet

TOKYO, Sept. 8.—The anti-Chinese demonstrations continued today in the form of window smashing and train car wrecking.

Premier Yamamoto informed the political deputations which called on him that the government would not mobilize, but intended to deal with the Chinese problem with a firm hand.

It is reported that Chozo Koke, counselor to the imperial embassy at London, visited Morihiro Abe, director of the political bureau of the Japanese foreign office.

**YUAN ANXIOUS**  
PEKING, Sept. 8.—The Chinese government is much concerned over the agitation in Japan in connection with the killing of several Japanese in the fighting at Nanking, and desiring to make reparation, has instructed the Chinese charge d'affaires at Tokyo to express regrets to the Japanese legation.

The general in command at Nanking has sent a message of sympathy to the Japanese consul and has offered to compensate the families of the victims. The newly appointed Chinese minister at Tokyo has been ordered to Nanking to conduct a full inquiry.

Three weeks ago, fearing the possibility of untoward incidents, the Chinese government asked the Japanese legation to withdraw its nationalities from Nanking and only a few days ago the Japanese legation notified the Chinese foreign office that eight Japanese officers, who had served the southern forces, had been returned to Japan.

Major-General Shimo, who was commissioned by the Japanese government to investigate the matter, admits in a published report that Japanese officers and soldiers without their government's consent, acted as local officers commanding the southern forces.

**NEW CABINET**  
PEKING, Sept. 8.—The Chinese cabinet virtually has been reconstructed. The new members of the cabinet are:

Foreign Affairs, Sun Pao-chi, former governor of Shantung province; Interior, Chao Chi-Chien, formerly minister of communications; Justice, Wang Chi-Chiao; Education, Wang Tui-shi; Industry, Chang Hsien, formerly president of the board of agriculture; communications, Chow Tze-shan, formerly finance minister.

Premier Huang Hsi-Ling will take the portfolio of finance temporarily. The cabinet includes three purifiers of the reformer, Kang Yu Wei.

GREVENBROUCH, (through Prague), Sept. 8.—The German aviator, Senge, fell today while making a flight and was killed.

## ACCUSES JEROME OF VIOLATING CANADIAN LAW

Judge Apologizes for Humiliation of New York  
Prosecutor

### CROWD IS HOSTILE

Next Hearing of Thaw Case  
To Be In Montreal On  
September 15

COATICOOK, Que., Sept. 8.—William Travers Travers, who was acquitted tonight on the charge of having gambled on the Thaw case, was humiliated here while waiting for the immigration authorities to pass on the case of Harry K. Thaw.

In discharging him, the court apologized for the humiliation to which he had been subjected.

The hearing before Magistrate Henry Mulvén of Sherbrooke lasted less than an hour. It began at 7:35 o'clock and ended at 8:20. The court said: "Sir, you are honorably discharged."

An attempt to hold an afternoon session failed because the magistrate felt he had no authority to take precedence over James McKee, the judge of the court who signed the warrant for Jerome's arrest. Tonight, however, the magistrate said he was convinced of his authority to act and the hearing moved with dispatch.

Joseph Beaulieu, a Coaticook lawyer, who said he variously represented justice, the people and the criminal code, interrupted the afternoon session, but when he endeavored to raise similar points this evening he was ruled out of court.

When acquitted, Jerome thanked the court, spoke flatteringly of his reception in Canada and added that he did not attribute his arrest to the court, but to the thinking of the people of the Dominion. He took a late train from Coaticook tonight and will return to Montreal for the hearing on the latest Thaw case, which will be held before the King's bench, Montreal, September 15.

Ten people packed the court room when the hearing opened tonight. Jerome, who was wearing a suit and tie, did not glance at him through, which plainly was hostile.

A. C. Hanson, joint crown prosecutor, opened the case with the reading of the complaint of Montreal Alderman A. J. Milne, who swore he had seen the defendant playing cards for money at the railway station. Statutes were quoted to show that this was an indictable offense punishable with a year's imprisonment.

Samuel Jacobs of Montreal, who has been retained by New York state in its effort to return Thaw to Matamoras, contended that the statute applied only to gambling in a public conveyance proper. The court took this question under advisement and called for witnesses.

**LITTLE GAME OF DRAW.**  
Michael Smith, who had seen the defendant playing a little game of draw in the station yard. The defendant had been pointed out to him as Jerome of New York.

"Did you see him play any money?" asked the crown prosecutor.

"I saw a bill changed," answered the witness. "I could not say how it was." The cross-examination conducted by Jacobs was very short.

"I saw a bill changed," answered the witness. "I could not say how it was." The cross-examination conducted by Jacobs was very short.

"Because it was in an automobile and a man in front had a little type-writer in his lap writing and I was interested."

This was a New York newspaperman writing his story under difficulties.

Jonathan Chesley, nearly 80 years of age and snow-white of hair and beard, was called to the stand. He related the new familiar details of the "little game of draw" and when asked if he had seen Jerome with money, said promptly "Yes, sir."

"Can't say," said the aged witness.

He was not cross-examined. Summing up, the prosecution pointed out that the Dominion law had been evaded to protect the public from card playing and gambling, and that, according to the evidence, William Travers Jerome, late district attorney of New York, had violated the law. Though Jerome had been indicted for a crime, he was asked for a conviction.

Jacobs did not even sum up for the defense.

"To save the court's time," he said, "we will make no statement."

"The magistrate said: 'I believe every right-minded man in Canada regards and feels humiliated at the indignity which you have suffered.'"

"I believe sir, in all the circumstances you will not attribute the apparent offense offered you while in a friendly country to the discharge of your duty as a public officer to the trial of a citizen of this country."

"You are, sir, honorably discharged."

"You may feel assured, your lordship," Jerome said, "that I understand thoroughly the circumstances of this case. Since I have been in Canada, I have been received with uniform courtesy by the thinking people. I am sure those who have been intemperate have been misled by ignorance of the facts rather than by malice."

There was a subdued outburst of cheering when Jerome sat down, but the cheers were drowned by hisses and out calls.

Jerome immediately bought a ticket for Island Pond, Vt., where he will park up his automobile and motor to New York.

Harry Thaw, in the detention room over the railway station, heard the news of his old opponent's acquittal almost immediately.

"That's good," he said. "I saved me \$250."

(Continued on Page 2)

## BISHOP APPEALS AGAINST TOBACCO; SOME CLERGY FOR IT

ST. CHARLES, Mo., Sept. 8.—Bishop E. E. Hoss, of the Methodist Episcopal church, South, urged ministers attending the Missouri conference of that church here today to refrain from the use of tobacco in any form, and he characterized total abstinence from the weed as one of the distinguishing marks of a gentleman. While he was speaking several preachers were smoking on the lawn in front of the church in which the conference was held.

The bishop asked those who attend the general conference in Oklahoma City next year especially to refrain from smoking. He then asked for a vote endorsing his views as to the general conference, but several ministers answered "no."

## TEXT BOOK ROYALTY COSTS STATE \$50,000

Sum Expended Since Last  
January Greatly Surpasses That In 1912

SACRAMENTO, Sept. 8.—California has paid out in royalties to book companies approximately \$50,000 since the distribution of free text books was begun last January as compared with less than \$20,000 in 1912 when the books were sold according to figures in State Superintendent Hyatt's office.

Royalties paid range from fifteen cents on historical geographies, and physiologies distributed to one cent on copy books. The average royalty paid is six cents.

Hyatt said that the royalties are being paid and will continue to be paid despite the provision of the law which directs the payment of royalties only on books sold.

"The state of California can afford to play a robber and beat the book companies out of their royalties merely because an old law which is effective declares that royalties shall be paid on books sold and fails to mention royalties on books distributed free to children," said Hyatt.

### CHICAGO REALTY VALUES.

CHICAGO, Sept. 8.—The valuation of the real estate in Chicago is \$2,067,374,502, according to the annual report of the board of real estate and taxation today. It shows an increase of \$1,763,745 over the amount of last year's valuation.

## NEGRO ISLANDERS IN NEW UPRISING

Gunboat Des Moines Sent  
To San Domingo to  
Protect Americans

WASHINGTON, Sept. 8.—Puerto Plata, in the Dominican republic, where a revolution is in progress, is being shelled by Dominican gunboats with great danger to American lives and property. Joseph E. M. Esteve, American vice consul there, so reported today. The gunboat Des Moines is on the way there.

WASHINGTON, Sept. 8.—News that Dominican gunboats were shelling the rebel city of Puerto Plata, endangering American lives and property, caused hurry orders to go out from here today for the cruiser Des Moines which had been ordered to sail from Guantanamo, Cuba, for Santo Domingo since reports of the latest revolution there were received several days ago. The cruiser was coming today and was expected to sail tonight directly to Puerto Plata.

In the meantime, communication between Puerto Plata and the outside world had been broken and no word had come to the State department since the brief message early today announcing the bombardment. In order to make certain the re-establishment of communication with the arrival of the Des Moines, the Treasury department was asked to disconnect the revenue cable between Santo Domingo and San Juan, Porto Rico to Mont Passage, a point midway between Puerto Plata and Santo Domingo city. The latter will reach there tomorrow and will serve as a wireless relay station between the Des Moines and the commercial station at Santo Domingo.

Long conferences were held today by President Wilson, Secretary Bryan and Assistant Secretary Osborn with Sullivan, the newly appointed American minister to the Dominican republic. Sullivan will sail Friday or Saturday for Santo Domingo, with an assignment for President Borden that he has the moral support of the United States government in his efforts to suppress the Puerto Plata rebellion.

**MRS. RUSSELL SAGE  
GIVES AWAY \$74,000**  
SYRACUSE, N. Y., Sept. 8.—Mrs. Russell Sage today distributed \$74,000 among institutions in Syracuse, her girlhood home.

Syracuse University received the largest donation—\$31,000, while the Syracuse Home Association and Dominican children's home each received \$10,000. Mrs. Sage's gifts to Syracuse University aggregate \$270,000.

Later, another gift of \$10,000 to the First Presbyterian church was announced.

### PENFIELD REACHES VIENNA

VIENNA, Sept. 8.—The newly appointed American ambassador to Austria, Frederick Carl Bill Penfield, arrived here today. He succeeds Richard C. Kerckhoff.

## ACCUSE MC CARTHY OF FAILING TO ACCOUNT FOR MONEY

San Francisco Labor Council  
Refuses to Pay Over Any  
More For Tveitmoe

### \$610 YET ON HAND

Money Was Raised As  
Fund for Defense From  
Dynamiting Charge

SAN FRANCISCO, Sept. 8.—The San Francisco labor council refuses, it was learned tonight to turn over to the State Building Trades Council \$610 raised for the defense of Olaf A. Tveitmoe, vice president of the Building Trades Council, and Eugene A. Clancy, business agent of the Structural Iron Workers, who are under conviction for conspiracy in connection with a nation-wide series of dynamite attacks.

The delegates of the unions contributing stated that no accounting had been rendered of large sums previously turned in to the State Building Trades Council.

**NEW PLOT AGAINST  
PORTUGUESE REPUBLIC**  
REPORTED FROM LISBON

LISBON, Sept. 8.—It is rumored that a new plot against the republic of Portugal has been discovered at Lisbon. A store of bombs was found by the police and numerous arrests have been made.

**TO BE TAKEN HOME  
ON STRETCHER TO SEE  
RELATIVES IN POLAND**

ST. PAUL, Sept. 8.—In a desperate endeavor once more to see his mother and home in the fatherland, Mike Wasick, a 19 year old Polish boy, suffering from a broken back and limbs, will leave here Saturday for Warsaw. The lad will make the long trip on a stretcher accompanied by Miss Lillian Keller, superintendent of a hospital here for 13 months he has been helpless. Doctors are doubtful whether he can stand the trip.

On August 11, 1912, the boy was injured while working in a local railroad engine house. He received a fractured spine, which was still in the hospital.

When Senator La Follette concluded, Senator Stone, in charge of the wool section of the bill, urged Democrats to refrain from offering his amendment before the wool issue was being discussed and that the tariff bills passage should be left to the reopening of the wool fight.

While the high woolen tariff rates of the present law came in for much of Senator La Follette's criticism, he insisted that the Democratic bill did not treat the wool raising industry fairly. He charged the wool duty at about the only tariff duty from which the farmer profited; and demanded an explanation for the Democratic policy of taking all the duty off wool at once, while Louisiana sugar producers were given three years in which to prepare for free sugar.

When the vote came at the night session, the substitute was defeated 41 to 28 and immediately afterward Senator La Follette offered another amendment to fix a straight 15 per cent duty on American wools. This was voted down, 25 to 29. The measure wool substitute was defeated viva voce.

**AS TO BIG FORTUNES**  
The debate over Senator Norris' inheritance tax amendment early in the day brought strong condemnation from him and from other senators of the alleged failure of American enterprise in trying to find some part way of preventing a Carnegie from taking from the American people approximately \$500,000,000 of property, representing a taxing power against the American people based upon the returns and earnings of that \$500,000,000.

The Norris amendment was carried 57 to 12.

Many speeches of a general character were made. Senator Clifton of West Virginia, Democrat, attacked the Republicans for their alleged failure to satisfy the public demand for tariff revision, and declared the Democrats had been given the opportunity to frame the present measure because the revision had been repudiated.

Senator Brady of Idaho, Republican, credited the Democrats with good faith in their efforts to prepare a fair tariff bill but insisted the present measure would be a failure. He said farmers throughout the West who voted for the Democratic party did not believe that particular products would be put on the free list.

Senator Warren of Wyoming said the pending bill meant free trade, as far as his state was concerned and the oncoming passenger trains.

### TRAIN LEAPS THROUGH BRIDGE; TWO INJURED

Accident Occurs On Span of  
American River Bridge  
Near Sacramento

SACRAMENTO, Sept. 8.—A steam engine carrying its crew and three loaded steel rock cars, crashed through the south span of the American river bridge near Sacramento tonight and Engineer Stevens and Fireman Williams were both seriously injured. Stevens' leg was badly mangled and Williams was terribly scalded.

The span of the bridge for about fifty feet collapsed under the weight of the heavy train. The rock train was about to be scalded on ascending to let two passenger trains pass. Engineer hurried to both ends of the bridge and flagged the oncoming passenger trains.

## SENATE IS TO VOTE ON TARIFF TODAY

Members In Session Nearly  
All Night Fighting Out  
Amendments

### MAJORITY STAYS PUT

Louisiana Senators Break  
Over On Wool As Well As  
Sugar Schedule

WASHINGTON, Sept. 9.—The Senate will vote finally on the Democratic tariff bill this afternoon at 4 o'clock. This agreement was reached tonight at 11:45, when it became apparent that it would be impossible to carry the plan to pass the measure before adjournment.

WASHINGTON, Sept. 9.—The sugar schedule without amendment and including the provision for free sugar in 1916, finally was agreed to at 1 o'clock today. The Senate then adjourned yielding in his former demand for another roll call because Senator Ransdell's amendment earlier had been defeated decisively.

The party leaders agreed to keep the Senate in session until well into the morning to dispose of as many of the reserved amendments still pending as possible and then to adjourn until 9 o'clock.

An amendment by Chairman Simmons of the finance committee to enable the state to manufacture denatured alcohol was agreed to without position. The amendment removed troublesome restrictions now required by law.

After agreeing to numerous minor paragraphs, the Senate adjourned at 1:27 a. m. to 9 o'clock this morning.

WASHINGTON, Sept. 8.—With the hope of passing the Underwood-Simmons tariff before another sunrise, the Senate settled down to a night session after working away on the measure through the day. Democratic leaders had done their utmost to suppress general speeches and force progress and before the night session was well under way, voting on final important amendments had begun.

The first hint of the final fight over free pure wool came at the afternoon session when Senator La Follette introduced a general substitute for the wool tariff sections of the Underwood-Simmons bill. An inheritance tax amendment offered by Senator Norris was pending at the time and debate alternated between the subjects for several hours. The La Follette wool plan came as a surprise to the Democratic side. Instead of the expected 15 per cent out of the wool rates, it called for a 28 per cent wool duty for 1914 and a 25 per cent duty for 1915 and a 15 per cent duty after January 1, 1916.

When Senator La Follette concluded, Senator Stone, in charge of the wool section of the bill, urged Democrats to refrain from offering his amendment before the wool issue was being discussed and that the tariff bills passage should be left to the reopening of the wool fight.

While the high woolen tariff rates of the present law came in for much of Senator La Follette's criticism, he insisted that the Democratic bill did not treat the wool raising industry fairly. He charged the wool duty at about the only tariff duty from which the farmer profited; and demanded an explanation for the Democratic policy of taking all the duty off wool at once, while Louisiana sugar producers were given three years in which to prepare for free sugar.

When the vote came at the night session, the substitute was defeated 41 to 28 and immediately afterward Senator La Follette offered another amendment to fix a straight 15 per cent duty on American wools. This was voted down, 25 to 29. The measure wool substitute was defeated viva voce.

**AS TO BIG FORTUNES**  
The debate over Senator Norris' inheritance tax amendment early in the day brought strong condemnation from him and from other senators of the alleged failure of American enterprise in trying to find some part way of preventing a Carnegie from taking from the American people approximately \$500,000,000 of property, representing a taxing power against the American people based upon the returns and earnings of that \$500,000,000.

The Norris amendment was carried 57 to 12.

Many speeches of a general character were made. Senator Clifton of West Virginia, Democrat, attacked the Republicans for their alleged failure to satisfy the public demand for tariff revision, and declared the Democrats had been given the opportunity to frame the present measure because the revision had been repudiated.

Senator Brady of Idaho, Republican, credited the Democrats with good faith in their efforts to prepare a fair tariff bill but insisted the present measure would be a failure. He said farmers throughout the West who voted for the Democratic party did not believe that particular products would be put on the free list.

Senator Warren of Wyoming said the pending bill meant free trade, as far as his state was concerned and the oncoming passenger trains.

### TRAIN LEAPS THROUGH BRIDGE; TWO INJURED

Accident Occurs On Span of  
American River Bridge  
Near Sacramento

SACRAMENTO, Sept. 8.—A steam engine carrying its crew and three loaded steel rock cars, crashed through the south span of the American river bridge near Sacramento tonight and Engineer Stevens and Fireman Williams were both seriously injured. Stevens' leg was badly mangled and Williams was terribly scalded.

The span of the bridge for about fifty feet collapsed under the weight of the heavy train. The rock train was about to be scalded on ascending to let two passenger trains pass. Engineer hurried to both ends of the bridge and flagged the oncoming passenger trains.

## AMERICAN REFUGEES REACH BORDER AT LAREDO

Insurgents Block Railroad  
Between Tampico and  
San Luis Potosi

Huerta Now Attempts to  
Secure Possession of  
Former Governor

LAREDO, Sept. 8.—Thirty-five American refugees arrived here today from Mexico. One American, from Chama, stated that the entire colony of over 500 Americans who went to Chama about eight years ago had returned to this country.

MEXICO CITY, Sept. 8.—The rebels have blocked the railroad between Tampico and San Luis Potosi by wrecking a locomotive in a tunnel and setting fire to the oil.

NEW ORLEANS, Sept. 8.—Extradition papers from Mexico City, seeking the removal of former Governor Brito of Campeche, to that country, to face charges of robbery and murder, arrived here today. Brito is held under a \$10,000 bond. The forty days prescribed for holding fugitives would have expired next Friday. Brito will be given a hearing September 16.

NOGALES, Sept. 8.—One family and several other American refugees arrived today from the interior of Sonora. Transportation to the border and temporary homes here were furnished by American Consul Frederic Simpich. Other refugees are reported on the way.

## SOME AMERICANS GET HUERTA'S AID

VERA CRUZ, Sept. 8.—When the steamer Tamulipas sails tomorrow morning for New Orleans there will be aboard a few Americans, part of whose passage has been paid by the Mexican government. If other Americans wishing to leave the country, whether destitute or not, apply to the local authorities, they are promised first class transportation to any American port to which they may wish to go.

Until today there had been received at Vera Cruz no intimation that President Huerta expected to fulfill the offer made by the government to American last week, but instructions to port authorities followed a request telegraphed to Mexico City yesterday by a group of Americans who were dissatisfied with the accommodations Consul Canada was able to supply.

After a favorable answer had come from the capital, some of those who signed the petition began to accept material assistance in the form of a small sum of money. The number of Americans here is still large, but there are only thirty on the Tamulipas whose passage has been paid by the United States.

John Lind, President Wilson's representative, is not inclined to think that General Huerta's persistence in his plan to finance American refugees will be rewarded at Washington. Lacking instructions from the American capital, he and Mrs. Lind continue their sightseeing tours.

## WIRELESS OPERATORS DECLARE A STRIKE

ROME, Sept. 8.—The Italian operators of the Marconi wireless system aboard steamers have gone on strike because they failed to obtain certain demands from the company. They have requested the operators at Paris, Liverpool, New York and other places to stand by them.

## AMERICAN AND GERMAN KILLED IN GERMAN RACE

COLOGNE, Germany, Sept. 8.—Gus Lawson, an American cyclist, and Sebastian, a German rider, were killed and Meinhold, the German's "pace maker" was fatally injured here today, in the course of a paced bicycle race for the 100 kilometer championship. A bursting tire caused the accident.

## CAN SAVE DRY DOCK

WASHINGTON, Sept. 8.—The big dry dock at Pearl Harbor, Hawaii, which recently collapsed after the government spent several million in its construction, can be saved, according to the official investigation, in the opinion of Fred Noble, an engineering expert, who was sent to inspect it. Noble conferred today with Secretary Daniels, and later will submit a detailed report with plans for completion of the work.

**FELS-NAPHTHA**  
ANY TIME OF YEAR

Don't throw away the wrapper when you buy a cake of Fels-Naptha Soap. Pin it up in your kitchen or laundry, where you can read plainly the directions printed on the back. They're the whole secret of the easy Fels-Naptha way of washing and sensible women save hard work by using Fels-Naptha.

Used the Fels-Naptha way, Fels-Naptha Soap will save you time, trouble, hard work, fuel and money.

Look for the red and green scrapper at your grocer's.

Fels & Co., Philadelphia.

## ACQUITS JEROME OF VIOLATING LAW

(Continued From Page 1.)  
This remark referred to the fact that Thaw had offered to make good any loss sustained by Andre Rousseau, a local hotel keeper and one of the sureties on Jerome's \$500 bond.

It had not been decided tonight when Thaw would be removed to Montreal.

## THAW'S LEGAL POINTS

MONTREAL, Sept. 8.—According to J. N. Greenfield of the Thaw counsel, one of the main hopes of the Harry K. Thaw defense, aside from the fight against the immigration act itself, is an alleged irregularity in the proceedings taken by the immigration officers. It is contended that they did not have a formal order from the minister of justice to take Thaw in charge, which the defense claims is necessary under the act when the alien has been in the country ten days.

Thaw had been in the country over fifteen days when he was surrendered to the immigration authorities, and T. R. McInnes, K. C., has made an affidavit that the immigration men took Thaw in charge without having proper authority from the minister.

He states that before the board of inquiry he demanded an affidavit that the immigration men took Thaw in charge without having proper authority from the minister.

When formal application was made for the writ of habeas corpus directed to the immigration authorities last Friday, N. K. LaFlamme of Thaw's counsel, had a lengthy private conversation with Judges Gervais and Cross.

LaFlamme considered under the circumstances that this unique courtesy might be extended.

## FAST RECORD IN POURING CONCRETE

Pacific Gas and Electric  
Encloses Twenty-Two  
Lakes In Sierras

SAN FRANCISCO, Sept. 8.—A new world's record in pouring concrete is reported by the Pacific Gas and Electric company's engineers at work on the Spaulding dam, near the summit of the Sierras, which, when completed, will be the greatest dam above sea-level in the world, with a height of 395 feet and a capacity of 100,000 acre feet.

The new record is 40,435 cubic yards of concrete poured during the month of August, and the best previous record was 40,292 cubic yards in one month, made on a dam of the Mead irrigation company, Texas, near San Antonio.

The Spaulding dam will have a catchment area of 120 square miles, and twenty-two lakes are nestled in the center shed. Although construction was begun a little over a year ago, the dam now stands 150 feet above bedrock and when it reaches the 225 feet level, will be used to generate 33,500 horse power.

## Vacation's Honeymoon Is O'er.

Lots of serious problems face us as we come back to take up workaday things.

—The children must be made ready for school.

—The house needs brightening up.

—The winter wardrobe must be provided.

Just now the advertising columns of a live newspaper like the Republican are a friend in need.

They are the guide to the very things you want, always saving you time and worry and very frequently saving you money.

Read the advertising today and see how thoroughly the merchants have been anticipating your needs.

They were planning while you were playing.

And now they are telling you their secrets and asking a chance to "show you."

Advertising in live newspapers is a mighty power for personal service—use it.

## ELLIOTT APPEALS TO ROAD EMPLOYES

Must Have Their Co-operation In Making Sure Of Safety

NEW YORK, Sept. 8.—In an open letter addressed to the engineers and other employees of the New York, New Haven & Hartford Railroad, Howard Elliott and J. H. Hustle, respectively president and vice president of the company, appealed to the employees for help. "We need your help," they said, "to help us to make the road safe."

The officials urge upon the engineers especially the need of studying the rules for the operation of trains, declaring that the Bar Harbor express wreck last week, "could not have occurred had the rules been observed strictly and good judgment, born of experience, been displayed."

## HARBOR COMMISSION NAMED FOR SAN JOSE

Governor Appoints Three  
Garden City Men—New  
Normal Trustees

SACRAMENTO, Sept. 8.—Governor Johnson today appointed three harbor commissioners for the new port of San Jose, created by the last legislature. The men named were W. G. Alexander, W. M. Goodenough and John D. Crumpler, all of San Jose.

The governor also named a board of trustees for the new Humboldt State Normal School. They are Jesse M. Wiley, editor Arcata Union, four year term.

## COLLEGE MEN WORK HOME FROM EUROPE

Nearly Upset Ship Discipline By Dancing With Girls In Cabin

BOSTON, Sept. 8.—From ducal halls to forecassles was the range of experience traveled by two Dartmouth college athletes, M. Arthur Meyers of Chicago and George Head of Boston, who returned from England yesterday on the steamer Canadian.

The boys worked their way to England as cattlemen to take part in English athletic games. Their prowess in sports at Dartmouth had attracted the attention of the earl of Dartmouth who, when he heard that they were from Dartmouth college, named for one of his ancestors, insisted that they should spend the week end with him as his guests.

## CHICAGO'S CAMPAIGN FOR STREET SAFETY

CHICAGO, Sept. 8.—Corner Hoffmann's campaign to remedy conditions which have been responsible for 110 persons being killed by automobiles in this city this year already is meeting with results. Despite the fact that Sunday was fair and warm and thousands of automobiles sped over the boulevards, the casualty list was the least of any Sabbath during the summer. Only four persons were injured and none seriously.

The corner today announced the formation of his "Safety First" committee of twenty-four representative citizens. This committee is expected to supervise and educate out of the increasing number of local automobile owners, carelessness and the mania for high speed. It will extend its influence over street car and railroad traffic, especially the unprotected grade crossings.

## NO AEROPLANE RIDE FOR MAN WHO WAS BLOWN UP BY POWDER

OAKLAND, Sept. 8.—"Aviation is an old story to me," said Charles Peters today in declining an aeroplane ride. "I came to California three years before the forty-niners, and the only time I left the state to go straight up I stayed long enough to last me for one life time and I'm 59 now."

## SENATE IS TO VOTE ON TARIFF TODAY

(Continued From Page 1.)  
that absolute free trade was the ultimate end.

Senator Jones of Washington, Republican, who also had offered an inheritance tax amendment, said he believed the country soon would recognize the justice of heavy taxes upon large inherited estates. His plan would impose a graduated tax, running up to 35 per cent on lineal inheritances of over \$30,000,000 and 50 per cent on collateral inheritances above \$1,000,000.

## AS TO APPLAUSE

Sensors Blatant and James engaged in a lively colloquy over the tobacco tariff, which aroused applause from the crowds in the gallery. Senator Warren called the Vice President's attention to a "rule that there should be no applause."

## HORTICULTURAL MEN MUST PASS QUIZZES

Opinion of Attorney General Affects Commissioners Seeking Re-appointment

SACRAMENTO, Sept. 8.—All county horticultural commissioners, who wish to be returned to office, must pass examinations the same as they did when they applied for their original appointment, according to an opinion by Attorney General Webb, rendered at the request of State Horticultural Commissioner A. J. Cook.

The above requirement will affect all county commissioners whose four-year terms are about to expire and who are of the number who took the earliest examinations under the new horticultural law. Fresno County Commissioner Fred Schell is not affected, because his term will not expire until about April, 1915.

## TO TEACH THREE R'S

SAN FRANCISCO, Sept. 8.—With the co-operation of the board of education, school will be opened tomorrow at the county jail. Reading, writing, spelling, arithmetic and geography will be taught, beginning at 3:30 p. m. after the daily prison routine has been concluded. Regular teachers from the county force will give their services.

## COUNTY'S BOND BUY DEPENDS ON WIDTH OF HIGHWAY

Supervisors Want Twenty  
Feet On Stretch From  
Fresno to Selma

Fifteen Foot Standard Said  
To Be Inadequate  
For Traffic

The supervisors so much favor the state highway through this county that they propose buying a considerable block of the state's bonds to pay for the highway construction to the southern county limit. In discussing the tax levy, the board informally declared that it would invest as much as \$100,000, but this opinion has been modified contingent upon whether the state authorities will make a departure so as to build a 20-foot roadway from Fresno to Selma. If this change is agreed upon, Fresno's supervisors may even buy \$100,000 of the bonds, the purchase then covering two years. It seems to be agreed that 15 feet, which is the accepted standard in width of the highway is inadequate, and that for the 15 or 16 miles between Fresno and Selma the width should be increased by 5 feet between these points. From Selma onward to the county line this congestion would be self-relieved, because of the various branch roads that radiate from Selma as a central point. This, in brief, is the argument of the board. Estimates on which the board has been figuring in determining how much bonds it would buy are that a 20-foot highway to the county line from Fresno city would cost about \$200,000, and a 15-foot highway from north of Fresno city about \$150,000. The county has \$300,000 out on call loan drawing 2 per cent interest, while the state highway bonds would draw 4 per cent. The money invested in the bonds would not be returnable save at redemption periods. The board is hopeful that the suggestion will be favorably acted upon, because as it understands the highway commission has two sets of tentative plans and specifications, one for a 15 and the other for a 20-foot highway from Fresno southward. However, as an earnest of its decision regarding a 20-foot roadway between Selma and Fresno, Chairman Jorgensen of the supervisors has addressed Highway Engineer A. B. Fletcher, and in that letter has presented the following argument:

"The board of supervisors of Fresno county have under consideration the question of taking up a part of the state highway bonds to assist in building the highway south of Fresno. The members are all anxious to see the road built, but at the same time are also anxious to see it built at a width that will accommodate heavy traffic there is on dirt road to Selma, and feel that nothing less than 20 feet would meet the demands, and are under the impression that if you should adopt the same width that is built north of Fresno, the highway would be of very little accommodation to the public. If you are acquainted with the travel south of Fresno, you will know that there is a constant stream of vehicles traveling in either direction which would necessitate our stream always being outside of our meadow roadway, and I am not sure that it would be possible to induce the members to take up any of the bonds unless they have some assurance that the roadway would be built 20 feet wide as suggested; and if you should adopt our suggestion we will strain a point to take up as many of the bonds as it is possible for us to do, and, further, if we should not be able to take enough this year to build to the county line south, we will take the balance next season."

In this connection, demand was made yesterday by the state controller's department on the county auditor for \$3,650.00, being the amount of interest charged against this county under the state highway bond acts of March 22, 1909, and March 10, 1911. This will be payment in full of interest up to July 1, 1914, upon the amount of bond money which the highway commission certifies to have been expended in the county up to the 15th of last July.

The notice comes at this time that there may be included in the county tax levy such a rate as will raise the sum needed. In the event of failure to establish such rate, the levy is that the controller may collect at the time of the regular semi-annual settlement. Payments by counties are to be made at the time of the December and May settlements, one-half of the amount charged at each settlement.

A tax rate of three-hundredths of 1 per cent will raise the interest money demanded by the state.

## LET CONTRACT FOR DETENTION HOME

To Linderoth & Co., Inc. was awarded yesterday by the supervisors the contract for the erection of the county detention home at the hospital grounds. The contract price is \$23,200 more than double the estimated price. The award was on the understanding that the building should be completed within ninety days. Six bids were considered, each with four sets of figures according to the various plans and specifications. Three bids were rejected on the ground that they were not acted upon for the present.

## See Window Display

Special items will be represented in our window display during the progress of the sale. It will pay you to inspect them from time to time.

This is a celebration event, commemorating the opening of this store ten years ago this month. From a very modest beginning this business now enjoys a very large patronage, not alone in Fresno but throughout the entire valley. Its steady growth may be attributed to its untiring and unceasing endeavor to present new and correct apparel, distinctive in both fashion and quality, and at moderate prices. This sale, coming opportunely at this time, offers unusual inducement for early buying.

## Sale Ends Saturday

Our "Tenth Anniversary" sale will begin tomorrow morning at 9 o'clock and end next Saturday night at closing time, 6 o'clock.

## A Sale That Features Fashionable New Garments For Fall And Winter

Please do not infer that reductions are to be made on all fall and winter apparel. Enough will be marked down, however, to provide generous assortments of the different garments from which to choose. Specials will be represented in the windows.

## Stylish Tailor Suits

New Fall Models  
Regularly to \$16.50 **\$9.95**

At this price we have selected several very neat styles in the new models; they include soft pin-check gray, two-tone blue diagonal, dark green bird's-eye cheviot and navy blue wide-wale chevrons. They are well tailored in plain and semi-novelty designs, with notched collars and revers and slightly draped or smoothly tailored skirts (Alterations extra.)

Regular \$16.50 values on sale at 9.95.

## New Novelty Suits

98c Values

(One to a customer.)  
Another lot of our special value 98c gowns will be sold tomorrow morning while they last at 39c each. Made of fine soft muslin in both lace and embroidery styles.

**The Wonder**  
CLOAK & SUIT HOUSE

## COUNTY TAX RATE

LEVY WILL BE \$1.54

Revenue Will Be Raised to

Run County for Thirteen  
Months

The county tax rate for general administration purposes for the coming fiscal year will be \$1.54. That figure has been informally agreed upon by the supervisors, whose September session was adjourned yesterday.

Stonday the 14th on which day according to the law the tax rate must be levied. In the prospective levy of this rate which is the same as last year notwithstanding the increase in the assessment the board has in mind to raise revenue sufficient to carry on all the business of the county for all thirteen calendar months up to July 1914-15, so as to do away with the lapping over of the previous fiscal year's claims. Besides the special state tax is for the Panama-Pacific exposition fund and for the interest charged against the county on state highway bonds, the board considers itself warranted in re-establishing last year's tax rate despite the assessment increase, because of the special expenditures of over \$12,000 in the election of 1912, and for the reason of having taken over the county free library system, and \$10,000 to \$15,000 for the continuation of the Sand Creek

## BLIND PIGGER-FINED

\$100 IN POLICE COURT

Admonished By Judge That

Second Offense Would

Lead to Jail

Caught in the act of selling liquor without a license, Alex Will employed by W. G. Barium of 687 G street was fined \$100 yesterday after he had pleaded guilty. Police Judge Briggs, who imposed the fine, warned Will that a repetition of the offense would mean a full sentence or both fine and imprisonment. Will promised he would refrain from any more violations of the liquor law. He was arrested Sunday evening by Detectives Goehring and Enos.

Will was standing behind the bar serving whisky to two men when suddenly confronted by the detectives.

## SAYS AUGUST HEAT

HARD ON LIVE STOCK

Catarrhal Fever Prevalent

Among Horses In County

Reports Longley

Reminder of the late hot spell is given by Otis A. Longley, who reporting as county live stock inspector says that August was an exceptionally hard month on all live stock resulting in considerable financial loss to owners. Dairy stock, especially, lost in flesh and the milk flow was somewhat lessened but conditions are rapidly returning to normal.

Report is made that catarrhal fever, assuming the intestinal form, is prevalent among horses and is claiming a few victims. The course of the disease is usually slow, and is likely to prove fatal if treatment is not promptly applied. Sanitary precautions do not check its spread, therefore cure should be taken not to weak animals, but show the first symptoms such as loss of appetite, languor and weakness. The prostatic gland cause little alarm as it is not new, this being the usual annual visit, according to the inspector.

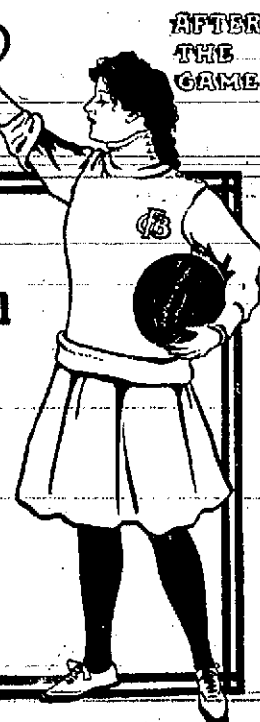

## Somovite

A Drink for Every Occasion  
One That Does You Good

Somovite is a drink for any and all occasions, a healthful beverage that is chock full of food value and nutriment, a drink that hasn't the least alcohol in it and which builds up strong, firm muscles and steady nerves.

You'll Soon Learn to Like the Odd Flavor of Strength-Building Somovite.

It's Refreshing—It's healthful—It's Non-Alcoholic.

### EVERYBODY FOR IT

New that expressions favorable to the appointment of a civic committee for city improvement and beautification have come from the Chamber of Commerce, the Merchants' Association, the Parlor Lecture Club, the Realty Exchange, and the Mayor. It would seem that the question has passed the stage of preliminary discussion and is approaching that of action. Since everybody is favorable, it only remains for somebody to start something. Under those circumstances it would seem that the initiative might very well be taken by the Mayor himself. This would, in the first place, get things started; it would, in the second place, make impossible any inference that the proposal is intended to usurp or supersede any functions of the city government; and it would, in the third place, allow the mayor to assume, quite as a matter of course, the appointive power and to add to such representatives as might be suggested from the various civic bodies, any additional members in the way of city officials or personal appointees whom he might think desirable.

It is not necessary that any complete or matured plan should exist in advance of the appointment of such a committee. In fact, one of the first duties of such a committee would be to investigate what other cities have already done or are planning, so as to be able to proceed with knowledge and in the light of the results of experience elsewhere. Such a body would have no final authority to do anything. Its purpose would be purely suggestive and its suggestions might, in many cases be directed to private enterprise or privately organized effort, as well as to the city government and civic bodies. The purpose is to centralize and organize public thought and knowledge on a matter in which the city of Fresno is confessedly behind some of its neighbors. There is obviously a great deal to be done. Obviously, also, not everything can be done at once, and it is worth while to give careful consideration to the question what things are most important, and then, when a plan is adopted, to take active steps to get it put into execution. Such a committee, properly selected and representative of the various activities of the city, could doubtless soon become one of the most interesting and useful institutions of Fresno.

### SUPERINTENDENT

After an issue between herself and the Chicago school board in which she undertook to resign, Superintendent Ella Flagg Young has been confirmed by Mayor Harrison in her position at the head of the Chicago schools, upon the distinct understanding that she is to be absolute "boss of the work" of the entire educational side of the city school system. Mayor Harrison is of the opinion that the business of the school board is to look after the business affairs of the school system and to select and sustain a superintendent whom they are willing to trust with the educational authority of the system. "If any member of the school board," says Mayor Harrison, "is not willing to trust Mrs. Young's selection of text books, he should rather propose a new superintendent than turn down or change the recommendations."

There is no question of the correctness of this decision, and it ought to serve as a model for the relation of school boards everywhere to the superintendents. It ought to be no part of the functions of a school board to select teachers or text books, or to determine courses of study, except to the extent that these questions involve business problems, also. The educational and professional side of the work, including the selection of teachers, should be left to the superintendent. That is what he is there for and if the school board have not succeeded in selecting a superintendent to whom they are willing to entrust this authority, they have thereby confessed their own failure in the most important of all their tasks. President Wheeler of the University of California, for instance, has an absolute contract with the board of regents that no instructor shall be employed in the university except upon his nomination. The actual vote of employment is given to the board of regents, but the name is always submitted by the president, and if the regents did not confirm his nominations or undertake to suggest or prohibit these nominations in advance, President Wheeler would resign immediately. Very few city superintendents have this condition included in an absolute contract with their respective boards of education, but even without a contract it ought to be the established policy. All applicants ought to be referred to the superintendent, he ought to present his list to the board, uninfluenced by previous consultation with them, and that list ought to be confirmed immediately without debate or question. Whenever the confidence of the school board in the superintendent is sufficiently weakened for them to be unwilling to follow his course, then it is sufficiently weakened to suggest the desirability of seeking another superintendent. And what is true of the selection of teachers should also be true of the choice of text books and all other purely professional and technical

matters on the educational side of the work. Not all school boards understand this, but the wiser and more experienced the members, the more likely a board is to do so. The decision of Mayor Harrison in Chicago is in accordance with the best practice and the most accepted educational thought of the world.

### FOLLOW THIS LOGIC?

The evening contemporary very plausibly explains that the only reason the Democratic Congress did not take off all the tariff instead of only part of it, was because we elected a Democrat to Congress, and protests that if California wishes its products protected it should assure that protection by electing Democrats to the Senate also.

We are not sure that we quite comprehend the argument, but if we do, it seems to lead to some interesting conclusions. Since the way to get protection for our industries is to elect members of the party which has promised to remove protection, it would seem that the best way to secure statewide prohibition, if we desired that, would be to elect members of the Royal Arch to the legislature. If San Francisco desired the municipal ownership of street railroads, it should not have taken the trouble to hold an election and issue bonds for the building of those railroads. A simpler way would have been to elect the directors of the United Railroads as members of the board of supervisors and then leave the whole matter to them. The country made a mistake in 1896 in defeating Bryan and a Democratic Congress because it did not wish free silver at sixteen to one. In fact, according to the Herald's logic, this nation, having elected McKinley and a sound money Congress, must now be on a free silver basis. The right way to have guaranteed the gold standard would have been to elect the free silver ticket. And if any city gets that of being decent and wishes to go back to the old wide-open days of the frontier, the best way to accomplish this result would be to fill the city offices with members of the ministerial union, elected on a blue-law platform.

This at least seems to be the only logical conclusion of the Herald's doctrine that the way to get protection is to elect anti-protectionists on an anti-protection platform. By the way, it would be interesting to know whether the Herald itself believed in protection. And if so, does it believe in the Democratic platform, which declared against protection?

### THE MAN WHO CARES

The way to make a success of any job is to care whether you do it right or not. To be sure, the abilities of men differ, and he who has the greater ability can do more and larger things than he who has less ability. But every one has the ability to do something, and the doing of anything well constitutes at least a reasonable degree of success. The man who makes that success is the man who, in the job that is his to do, cares whether he does it right or wrong.

The principle which thus applies to doing things also applies to learning things. The way to learn things is to be interested in things. He who goes through life interested in what is going on around him will acquire a liberal education just by keeping his eyes and ears open. There is something to be learned everywhere, from everybody, and from everything. The one who is interested acquires knowledge almost without effort. The one who is not interested acquires very little knowledge, even when he occasionally makes painful effort to do so, and he acquires no knowledge at all in the ordinary incidental contacts of life. The man interested in baseball learns something about baseball from every game he sees or hears about, no matter how badly it may be played. But the same man might ride to his work every morning through a country filled with bees and butterflies, in the company of a great entomologist, and never learn to know one insect from another. A person of great and concentrated interest on one thing will always find opportunity to increase his knowledge of that thing. A person who is interested generally in whatever is and whatever happens, will find no environment in life so narrow or so limited that he cannot get out of it daily increase of knowledge and wisdom.

Success in life depends on knowing and doing. The way to know is to be interested. The way to do is to care. The road to failure is indifference.

Fresno Man Says  
Stockton's Too Hot!

The biggest joke of the season! One N. Davidson registered at the chamber of commerce yesterday and in the space set aside for remarks the Fresno man had the nerve to write the words "Too Hot!"

Think of it, a man from Fresno, where the thermometer registers almost any old figure and the mercury climbs so high that a mountain guide is almost a necessity, saying that it is too hot in Stockton.

Well, the man had just arrived from Fresno, and it is possible that the hot weather experienced in his home town affected him in the upper story. At least, that is what the attaches of the chamber of commerce believe.

A prominent Stocktonian returning from Fresno yesterday said: "I thought I was taking a Turkish bath, so hot was the weather, but notwithstanding the heat, those Fresno men are on the job all the time and they have a dandy city."

The people don't make the weather, but they have made a good town, just the same, but Stockton is the summer resort of the San Joaquin Valley—Stockton Mail.

### The WORLD'S MYSTERIES

#### HOW DID JOHN H. MORGAN ESCAPE?

John Hunt Morgan was one of the most daring of the cavalry chiefs connected with the Confederate army during the Civil War. He seemed to have been absolutely fearless and his many striking adventures read more like a romance than the story of actual happenings. One of the most picturesque episodes of the Civil War were the raids that Morgan and his band of followers made into Kentucky, Ohio and Indiana in 1862 and 1863. These resulted in the destruction of millions of dollars' worth of military stores, while railroad tracks were torn up, bridges burned, and railroads destroyed in the rear of the Federal army, making it necessary, at least in garbion every important town in those states.

Morgan would usually take a telegraph operator with him, and though his movements were nervously rapid, he kept himself constantly informed of the enemy's movements. These raiders leveled on the stores and granaries, as well as the stables and kitchens, along their route. There were daily skirmishes, and the raiders were always too strong for any force that could be assembled on the instant, while their route could not be foreseen, and they moved too swiftly.

Finally the Federal troops cornered the Morgan raiders on the north shore of the Ohio and kept them from getting to any friendly ground. Morgan and a number of his cavalrymen were compelled to surrender on July 26, 1863. Morgan and several of his officers were taken to Columbus and were confined in the penitentiary there, their heads being shaved like those of military convicts. The prison has been reserved for this treatment, nor does it appear by

when it was ordered—certainly not by the government.

No labor was required of the captured cavaliers, but they were confined in cells, whence seven of them, including Morgan, escaped, and it is said they dug themselves out. They changed their clothes in the sentry-box on the outer wall, and separated as soon as they were free.

Morgan and a Captain Hines proceeded at once to the Cincinnati depot, got upon the train, which they knew would start at one A. M., and were carried by it very near to Cincinnati, when they put on the brakes at the rear of the train, checked its speed, jumped off, and ran to the Ohio, across which they were ferried to Kentucky, and went at once to a house where refreshments and shelter awaited them.

Thence Morgan made his way through Kentucky and Tennessee to northern Georgia, losing his companion by the way, but finding himself at last among those who did not fear to avow their sympathy with his cause and their admiration for his character. Thence he proceeded to Richmond, where he was greeted with enthusiasm and made a speech recounting his adventures and protesting that the telegraphic blazon which appeared at the nick of time of his having just arrived at Toronto was "purely fortuitous," and that "his escape was made entirely without assistance from any one outside the prison—an assertion not needed to incite and justify a strong presumption that the fact was otherwise. Thence he returned to service in east Tennessee, where he was killed on the night of September 4, 1864.

Did Morgan tunnel his way out of the cell, as he alleged he did, or did his guards allow him to escape? This subject, which has been of wide discussion ever since the war, has not been settled by the tearing away of the cell block in which General Morgan was held.

Partial exploration of the vestibule under the Morgan cell by prison officials failed to reveal the evidence of the tunnel to the satisfaction of those who contended that the noted raider was allowed to pass out the front gate of the big institution. The explorations which were conducted fail to show that the tunnel under the Morgan cell had any outlet or that it extended for any considerable distance.

The cell was demolished in June to prepare to convert that part of the prison in which it was located into a hall of ethics for the convicts. The Morgan cell has been the scene of thousands of eight hours every year, and its final disposition is as yet undecided.

Sept. 9

decided. The warden of the prison has intimated that he will recommend that it be given to some municipality which will agree to preserve it.

From the recently found evidence it is to be presumed that Morgan or a confederate sympathizer allowed the prisoner to escape, since he could not have escaped by the tunnel, but there is no way now of securing any authentic evidence on the subject, and it is likely to ever remain a mystery as to what really happened on the night of the cavalry leader's escape.

Tomorrow—Was Whittier Impaired Upon?

## NO ACTION TAKEN ON NEW GARBAGE PROPOSITION

Mayor, Meeting With  
Health Board, Suggests  
Municipal Plant

Thinks Storm Sewer Im-  
possible At Present—  
Pink Eye Prevalent

Mayor Snow met last evening with the city Board of Health to whom was made a proposition by a company to be incorporated to conduct a sanitary garbage collecting service under the direct supervision of the health authorities with the intention to work with the board to the end of having a spotless town. The formal proposition was made by E. G. Barton as agent of the Sanitary Scavenger Service.

After a consideration of the offer action was postponed until the October meeting on the suggestion of the mayor that "the matter is of such importance that it would not be wise to rush into it or out of it without due consideration, bearing in mind that conditions as they exist are almost unbearable."

Agent Barton was asked who are the financial backers but said their names are for obvious reasons withheld for the present. He did declare that if the board will give formal approval to the plan their names would be immediately forthcoming. He said the interested one are all local capitalists. In answer to a further inquiry, he said the company would expect at least a 5-year's franchise.

As outlined, the incorporated scavenger service would operate auto trucks having fly and odor-proof bodies. The plan would be to divide the city proper into seven districts, designating the business portion as No. 1. The other six would embrace the residential portion. Collections in No. 1 of garbage and rubbish would be made weekly in the others once a week. The charge in the residential districts would be approximately 75 cents, and perhaps 50 cents dependent upon the patronage. The refuse and garbage thus to be removed is to be placed in covered containers at the rear of the lot where the contents would be transferred to the trucks.

**ADVANTAGE POINTS.**  
Explaining further the plan, Agent Barton said that it is the intention of the company to build an incinerator outside of the city to dispose of the refuse and otherwise conduct a sanitary service under the direct supervision of the board. If desired, a report will be made to the board every week, a concise resume of the sanitary condition of the city as covered by the collections, applying of course only so far as the company's duty as a scavenger lies.

Four points of advantage were urged in favor of the plan:  
1. Cleanliness at a moderate cost.  
2. Elimination of 60 per cent fire hazard in the business district from fires started in piles of rubbish in rear of stores.

By removing garbage at stated intervals the danger of contagion from refuse matter exposed to flies, etc., is reduced to a minimum.

Mayor Snow said he had given the subject thought but had not yet formulated his plans. His theory is for the city to take up the scavenger business, erect an incinerator and generate power electricity for the city's lighting of the streets costing about \$1500 a month. The mayor also affirmed that the present garbage collecting service is unsatisfactory at both ends—in the city and at the dumps.

However, this scavenger service is one of the matters to be taken up at the meeting at Venice, October 5 to the 12th, of the League of California Municipalities which he proposed to attend and he hoped on return to have some more definite information to present.

It was upon this representation that further consideration of the subject went over as usual.

**STORM SEWER.**

Health

# SOCIETY

And still another Fresno maid has less be of absorbing interest to a large number of friends of the Zieske-Hare families.

Miss Zieske, who is the daughter of Mr. and Mrs. J. H. Zieske, is one of the most vivacious members of the society circles as a member of the Delta Kappa Epsilon.

The fortunate young groom-to-be is a member of one of Fresno's foremost families being the son of Dr. and Mrs. G. A. Hare, and he also is affiliated with a congenial group of the social set, having received his education in the local schools.

Although no date is set for the wedding it is understood that it will be an event of the early next fall. Rumor has it that the appointments are to be with genuine regret by the members of the social set with whom she is

Mrs. C. S. Pierce and her two daughters, Misses Ethel and Bernice Pierce, are expected to return home today, after a pleasant outing of several weeks in San Francisco.

Mrs. F. M. Miller and Miss Eugenia Miller are enjoying a sojourn of some weeks in San Francisco, enroute to Fresno, after an earlier summer vacation spent in Carmel-by-the-Sea.

E. A. Watt, accompanied by Venora Taylor, will motor to Oakland on Wednesday where they will remain until Sunday, returning to Fresno on Monday.

The announcement that Miss Dorothy Forsyth is planning to spend the winter in Berkeley will be received with genuine regret by the members of the social set with whom she is

a particular favorite. Miss Forsyth leaves next week for the Bay city to spend the season with her aunt, Mrs. J. L. Gray. It is expected, however, that she will return to Fresno on a brief visit to participate in the social "colony" scheduled for those periods.

Mrs. R. L. Rogers and Miss Helen Rogers are stopping at San Francisco for a few weeks before returning home after an outing of some length in Santa Cruz. They will return to Fresno about the middle of the month.

Mrs. Thomas Lynch and little daughter will return to Fresno next week, after a summer's sojourn at the Key Route Inn in Oakland.

Mr. and Mrs. J. A. Webster and their daughters, Miss Eleanor Webster and Nancy Hope Webster, are expected home at the latter part of the week, after a vacation of a month or so at coast points. Earlier in the summer they spent some weeks in the San Francisco Bay region, and are now in possession of their summer cottage at Carmel-by-the-Sea.

The Ladies' Aid Society of the First M. E. church has postponed its meeting from this afternoon until tomorrow afternoon, the hour for convention having been set for 2:15 in the church parlors.

Miss Florence Ryland has returned from a visit to Santa Cruz and San Francisco.

D. P. Riggs, Mr. and Mrs. C. J. Cook and Miss L. Eslinger are among the Fresnoans registered at the Hotel Manx this week.

Miss Helen Hare has gone to Oakland where she will join her father, Dr. G. A. Hare, for a short sojourn at the Key Route Inn in Oakland.

Mrs. George C. Roeding and children are at home again after a most delightful summer's outing at Carmel-by-the-Sea.

Mr. and Mrs. C. H. Riese and Francis and George Riese are once more at home after an extensive three months' tour of the eastern states, where they visited numerous relatives.

Mrs. Herman Graetz and her daughters, Miss Clara Graetz and Mrs. Sophie Gilbert, have returned from a summer's vacation spent in San Francisco.

The Ladies' Aid of the First Baptist church will meet in the church parlors this afternoon at 3:30. "Vacation Experiences" will be the topic for the afternoon.

The men of Grace M. E. church will meet in the Church Wednesday evening at 7:30 to arrange for a social and reception to be given by the men who belong to the church. It is planned that the men will prepare and serve refreshments at a social to be given during next week, and will have entire charge of the program. The women will have no part in the affair except as invited guests. An invitation will be extended to the two auxiliary societies of the church at Walters Colony and Calvary.

Mrs. Frank Helm and children have returned from a lengthy vacation enjoyed in their motor at the various coast resorts.

Miss Christina Ellithorpe, a member of Mrs. B. A. Powell's First Baptist Sunday school class, will entertain the class at her home at 415 San Pablo avenue this evening. Business will be combined with pleasure, a short session preceding the social hour. All members and visitors of the class are invited.

A. J. Marshall of San Diego and Miss Bessie Burke of Tacoma, Washington, were married yesterday at the home of Mr. and Mrs. J. P. Fanning on L street. Rev. J. W. Conley of the First Baptist church officiating. Only intimate friends and relatives of the young couple were present.

**COTTON REPORT:** WASHINGTON, Sept. 8.—(Continued from the growth of 1913 gained prior to September 1 amounted to 794,000 bales, counting round as half bale; the census bureau announced today in its first gluing report of the season.

## START TODAY TO ERECT 40 FOOT TOWER FOR DIVING GIRL AND HORSE; FEATURE ATTRACTION AT FRESNO DISTRICT FAIR

Miss Lorena Lorenz, "The Girl in Red," one of the feature attractions at the Fresno District Fair this year, who rides a diving-horse off a platform 40-feet in the air and who with "Two Feathers," an Indian girl, takes part in the "Suicide Leap."

Over 3,000 feet of lumber has been ordered by President Dickinson of the Fresno district fair for the erection of the tower at the fair grounds from which Dr. F. W. Carver's trained horses will jump into a tank of eight feet of water. Lorena Lorenz, "The Girl in Red," will ride one of the horses and will perform remarkable feats in the water. Dr. Carver arrived in Fresno yesterday and started preparations for his show which will be one of the big free attractions to be given at the fair this year. He had just returned from a tour in Wisconsin.

The horse with the girl rider dives from a height of forty feet into the water. The rider keeps her seat in the saddle and the horse swims in the tank with her. Miss Lorenz has experienced many close calls, once being unconscious for four hours when thrown from the horse's back when the animal struck the water.

Miss Lorenz besides being a remarkable horsewoman is a swimming expert and will give exhibitions at the tank. Not only does Dr. Carver offer to the patrons of the Fresno fair the diving horse and girl, but there are many other feats. Above the 40-foot tower will be a ladder reaching 65 feet in the air. From this distance the diving-girls will lean into the tank of water, being a height of 100 feet.

Another thriller that Dr. Carver will give the spectators is the "suicide dive." Miss Lorenz and her companion, "Two Feathers," an Indian girl, locked in each others arms, will jump into the tank from a dizzy height. The tower will likely be erected by Wednesday.

## REPORT ADVERSE TO CHEESEMANS PAROLE

Probation Officer Says the Accused Unfit to Have Family

Whatever hope Bert Cheeseman may have entertained of parole upon his plea of guilty, entered last week, was dispelled by the report of his case handed in yesterday by Probation Officer Sessions, to whom the case had been referred by Judge Clark.

Sessions' report did not mince matters. To quote from it, he said: "The character of the offense and the whole situation indicates in the probation officer's mind that the defendant is not a fit person to be returned to his family. Such a man is unfit to have a family and to associate with children. The infamy of the crime demands that an example be made. I hereby recommend that the application for probation be denied."

Another paragraph of the report reads: "In the community in which he lives his reputation for morality, in matters, is not good aside from the case at bar. At times he has been a hard drinker and in general he is a reckless character. Neither his wife nor any member of her family has been recommended by Judge Clark."

Cheeseman was accused of criminal relations continuing up to about three years ago with his 16-year-old sister-in-law. According to the report filed, Cheeseman had lived fully, nearly all the time with the parents of his wife, P. P. Glass and wife, at Tollehouse. The Glasses were divorced last week on his complaint of acts growing out of his relations with the daughter. The criminal prosecution in the Glass case failed because of the statute of limitations.

## TALKING AND ACTING OF EDISON PICTURES PROVE TO BE MARVELOUS INVENTION

Scene from the Wonderful Edison Talking Pictures now at Barton

The wonderful Edison Talking Pictures are the attraction at the Barton all this week, closing next Sunday night, with matinees tomorrow, Saturday and Sunday.

It is another of the marvels emanating from the brain of the wizard of Menlo Park, Thomas A. Edison. He makes the motion pictures talk, each with its own tone, which apparently is produced from the actor's mouth as the words are spoken. It is a wonderful illusion. Let us suppose that it had been possible to reproduce the court scenes during the reign of Napoleon. Who would not go far to see a talking picture where the voice and the personality of one of the mightiest figures that ever stormed

across the world could be produced true to life?

What is of inestimable interest to those who people this world two hundred years hence. We have historic figures in our present day history, men whose names will live as contributors to the political, military, financial and sociological history of the age. That pictures of the world's greatest men and women may be seen and heard to speak, has added a new wonder to the world, yet within a short time the wonder will cease and we will accept it simply as an incident to an age of wonderful invention.

Reserved seats are now on sale for every evening performance, prices 25 and 50 cents. Admission to the matinee is 25 cents to any seat.

## MOTORIST STRUCK BY STREET CAR, INJURED

Operation Is Found Necessary to Save Life of  
**Henry Fritz, Victim**

Henry Fritz, a laborer, who lives at 123 Railroad avenue, was seriously, probably fatally injured yesterday when his motorcycle collided with car No. 4 of the F street line at Tulare

and F streets shortly after the noon hour. Fritz was hurled to the street and received severe injuries. He was first taken to the emergency hospital and later removed to a local sanitarium where an operation was performed by Dr. Savage. Fritz suffered painful intestinal injuries.

Fritz was riding along Tulare street on the left hand side and made a sudden turn into F street when he was struck by the car. The car was in charge of Conductor Shon and Motor-man Bounont.

## BIG CELEBRATION AT ZAPP'S PARK FOR TODAY

Program of Features Scheduled Including the Taking of Moving Pictures

A monster barbecue and the taking of motion pictures will be the features of the Admission Day celebration at Zapp's park today. Hundreds of people are expected at the park to partake of the roasted meats and to be part of the crowds that will be staged by the camera man.

Miss Griffith, the leading lady of the West Coast Motion Picture Producing Company, will enter the cage of "Big Ben," or King Lohengrin, the big lion, held in captivity at the park. She will present an act with the lion while the camera is turning his wheel. A special cage was erected yesterday for this thrilling scene.

Though Big Ben was captured as a cub in the jungles of Mateland, Africa, he is the tamest of the six lions in the zoo at Zapp's park. The lion was captured by Sybil J. Morrison.

The picture of the lion and Miss Griffith probably will be taken about 2 o'clock by H. A. Kelly. A dozen other views will also be taken, and Kelly is anxious to get as many people as possible in the pictures. The views will be taken during the afternoon while the sun is bright. The moving pictures can later be seen at the Fresno theaters.

The barbecue will begin shortly after dinner and continue for the biggest part of the afternoon. Competent chefs have been engaged to prepare the monster roasts and there will be sufficient to satisfy everybody. The barbecue is furnished free by the park management.

The park amusements will be in full swing today. There will be dancing this afternoon and tomorrow.

## STOCKMEN TAKE PART IN FOREST AFFAIRS

Thirty-One Local Organizations Co-Operate With Service in Regulations

During the past fiscal year, according to a report of the United States forest service, 31 local organizations of stock-growers using national forest ranges have applied for and secured the official recognition of their advisory boards by the forest service. This brings the number of organizations officially recognized by the forest service to a total of 115.

Through the medium of these advisory boards several thousand stockmen who graze stock upon the national forests—now take an active part in discussing all problems of forest administration which affect their interests. The result, states the forest service report, has been the elimination of misunderstanding regarding the requirements of the stock interests and an improvement in methods of range control, which has won the endorsement and approval of the large majority of the persons who depend upon the national forests for the pasturing of their stock.

Two of the stockmen's associations are national in their scope and one is a state organization. The remaining 112 are local organizations. The stockmen have of more than common skill in securing advisory boards composed of broadminded, unselfish men of wide practical experience who have worked for the best interests of their industry but at the same time have given intelligent consideration to the need for forest protection and who therefore have directed their recommendations along constructive lines. The recent order of Secretary Houston extending official recognition to organizations of other classes of forest users is said to have resulted mainly from the large measure of success won by the cooperation of the government with the stockmen.

## POLICE JUDGE BACK FROM EASTERN TRIP

Herbert F. Briggs and Wife  
Return After Extended  
Vacation Sojourn

Police Judge Herbert F. Briggs returned from an extended vacation in the East. Judge Briggs, accompanied by Mrs. Briggs, arrived home yesterday morning at 5 o'clock and at 9 o'clock his honor was ready to hold court.

Judge Briggs was a member of the finance committee of the Grand Order of Eagles at Baltimore and spent two weeks in the Maryland metropolis.

From Fresno, Judge and Mrs. Briggs went to South Bend, Indiana, where they remained for a short time before going to New York. The next stop was Buffalo and then a visit to Niagara Falls. Visits were made to Union College at Schenectady, Washington, D. C., Philadelphia, New York City, Ogdensburg, and Oswego. The return home was made by way of the Canadian Pacific through Canada to Victoria, B. C., then by boat to Seattle, and then to San Francisco.

## ST. PAUL'S WILL HAVE NEW PASTOR

As the South Methodist church sets a time limit of four years on the term which any of its pastors may serve in one city, St. Paul's M. E. church, South, will have a new pastor this fall. Rev. Harold Gervette, having been here for four years. Rev. J. A. Waller, presiding elder, will probably recommend his successor to the general conference which will be held for this state on October 15th.

## TONS OF FUN RECEIVED WITH NOISY GREETING

Plaza Audience Responsive To Unusually Good Bill

Jean Darrow of Chippers & Chatters at Plaza

Another of those old time vaudeville bills which opened Sunday night at the Plaza and which closes tonight has with a noisy reception each night. There is not a weak act on the entire bill and the appreciation of the audience is shown in no unmistakable manner.

A short time ago Colton & Darrow were here in an act called "The W. S. Guy," one of the funniest offerings that ever appeared at the Plaza. They are here again in a different act, this one being called "A Twentieth Century Sensation." And it truly is. Both of these performers, make the audience groan when they step on the stage.

Yet they do not do so in a slightly manner. But it is their comical conversation, the catching chuckle, the wit, the drollery, the fun, the humor, the irresistible manners that make the big hit. A "scream" is what this couple is, one of the merriest acts on the stage. They are billed this time as "Chippers & Chatters." They have not monopoly on the fun, not even in their own line, for Chellis & Chellis are some fun-makers themselves. They are good enough at any rate, so that they are compelled to respond to many a recall and encore, and that is about all the praise that anyone needs. Fast dancing and singing and talking and comedy changes, but it is so much better than the ordinary that they are generously applauded.

Then there are the Cowboy Piddlers. Just because they are cowboys, and genuine ones at that, is no reason why they are not genuine vaudeville acts. They are not common skill. Oldtime airs are their specialty, along with some of the best trick fiddling that has ever been fiddled, and some of the funniest Missouri dancing that has ever been danced. Whilst playing for a quartette, they execute the steps, single to the joy of the audience. The opening act on the present bill is a complete surprise. It is an acrobatic act, but it is not an ordinary one in any way. The feats performed are quick, snappy, and difficult, and are performed with such seeming ease and complete skill and so liberally seasoned with restrained, that they are one of the acrobatic chestnuts and get into the comedy class. This act of Clotilde & Montrose is really one of the best that ever came to Fresno.

The bill concludes with the H. Trovatore Trio, three fun-makers who have such a ludicrous way that they keep everyone laughing. Their burlesque is extraordinary good. The fun consists in their comical actions and their alleged instrumental music. Their singing is really excellent. Much applause rewards their efforts.

## VIOLATORS OF WYLLIE LAW ARE ARRAIGNED

Louis Rosconi and Wife  
Gain Liberty On \$500 Bail;  
Arrested At Home

Accused of operating a blind pig at Home, which is in dry territory, Louis Rosconi and wife were arraigned yesterday before City Justice Graham. Their preliminary hearing was set for tomorrow morning at 11 o'clock. The couple were released on a cash bail bond of \$500.

Without warning, Deputy Sheriff Thorwaldson and Assistant District Attorney Gallagher visited Home and entered the home of the Rosconis, which was in the words of the officers a "veritable saloon," confiscated five barrels of wine and liquor, Rosconi and his wife will be charged with violating the Wyllie local option law. Gust Anderson, who lives at Home, was also arrested on a charge of selling liquor in dry territory but search of his home failed to reveal any liquor on the premises but the officers assert they have ample evidence to make good the charges against Anderson.

The evidence against Mrs. Rosconi and her husband was secured by Thorwaldson and Gallagher. After arriving in Home Saturday evening the officers had their supper and then walked over to the Rosconi place and purchased a half gallon of wine. Thorwaldson and Gallagher did not confine their activity to putting the blotto on the sofa of Home but also broke up a game of stud poker in which sat six lumber jacks and two alleged professionals. The officers confiscated the bank chips and cards and arrested Jack Mayfield and Lloyd Davis, who were taken to the station of the Police Robinson. Davis pleaded guilty and was released on \$100 bail.

## OLIVE OUTLOOK THIS SEASON IS PROMISING

Crops Reavy; Brings \$150 to \$200 a Ton; Bid for Long Contracts

Reports from the olive growing sections of California state that the 1913-14 olive crop is heavy and that rivalry is keen among the representatives of the olive oil and picking concerns to close advance contracts as early as next November, but likewise for subsequent crops for a period of five years. The price for "orchard run" ranges at this time from \$150 to \$200 per ton, and it is probable they will be higher later in the year.

A. B. Stewart, a director of the California Olive Company, whose oil mill and picking works are located at Bloomington, is now touring the olive producing sections of the State in an automobile and is closing contracts for the fruit at the prices being quoted wherever possible. In his trip through the Sacramento and San Joaquin valleys he was accompanied by George F. Robb of Los Angeles, a prominent grower of olives at Bloomington and other Southern California points. Robb is authority for the foregoing statements regarding crop prospects and prices.

The latter inspected the \$100,000 olive picking plant the Heinz Company is erecting at Corning, and states that Superintendent Cronley informed him that the future of the olive industry is assured and offers as great a money-making opportunity as any horticultural interest in the State. Cronley bases his prediction upon the markedly increasing popularity of the pickled ripe olive for food purposes and backs up his statement by stating that the demand for the fruit is already far in excess of the greatest possible supply for a number of years to come. In an effort to at least partially meet the future demand the Heinz Company, according to information given Robb, will plant large acreage to olives next spring and will sow alfalfa between the rows of trees.

As a further indication of the rapidly which California grown and pickled ripe olives are meeting the public favor, Robb cites the fact that Libby, McNeil & Libby are establishing at Sacramento the largest olive mill on the Pacific Coast. He states it is not expected that this plant will be working at full capacity for three years, owing to the scarcity of olives—a scarcity which will not be overcome until the new groves of the present and future years come into bearing. "This firm, however, like the Heinz people," said Robb, "is building now in anticipation of the time when the difference between supply and demand in the olive market will be more nearly equalized by the production of a much larger annual tonnage."

There will be several new olive groves set out next spring but not so many as there would be if the supply of two-year-old trees for orchard planting were larger. There are about 250,000 trees of that age at present available, and a single Southern California firm that is operating large propagating plants and nurseries at Bloomington and elsewhere—more than half of them. Planted twenty feet apart these trees would cover but 6000 acres of the large areas in this section and Arizona that are adapted to olive growing. Growing owners are now paying for spring delivery \$1.40 each for two-year-old olive trees having a diameter of 3-4 to 1 inch and a height of from 6 to 8 feet; 5-8 to 3-4 inch trees from 5 to 6 feet high are selling for \$1.25 each; 1-2 to 3-8 inch trees from 1 to 2 feet high are being marketed at \$1 each and 3-8 to 1-2 inch trees from 2 to 1 foot high at 90 cents each.

## THREE ATTACHMENTS ON YOUNG'S AUTO

Three writs of attachments were levied yesterday on an automobile owned by P. Young, a realty dealer of Los Angeles, who was returned to the southern metropolis yesterday to answer a charge of passing worthless checks.

One of the writs of attachments was sued out in Los Angeles and sent here by service. The other two were brought by local hotel keepers, who declare that Young owes them money. Valuable French suits for additional attachments against the auto, which is in a local garage.

## WILLS LEAVE OUT CERTAIN RELATIVES

Peculiar Provisions Met With In the Disposition Of Two Estates

Two wills were offered for probate yesterday in which the testators designedly omitted to make provision for relatives named because of reasons sufficient to them when making their last property divisions.

Michael Maher, who died on the 4th of last June, left by a will of the 20th of August, 1911, to his niece, Alice A. Hughes, of Kingsburg, \$3500, to St. Anthony's Catholic church at Redding \$200, and all the rest of the estate above named. The testator says that he has not forgotten his other relatives; but that the bequests above are made adversely and for reasons best known to himself.

According to the will of Martin W. Curtiss, who died on September 1st, all property is divided equally between the widow, Margaret, and the son, P. S. Curtiss. This will is dated July 25, 1911, and it says that the omission of mention of the daughter, Alice S. Curtiss, of Kane, Pa., is intentional, for the reason that she will be sufficiently provided for by her husband.

The Maher estate is valued at about \$2750, due on an agreement for the conveyance of property in Minnesota, contract dated April 5, 1913. The niece is named as executrix. The Curtiss estate is valued at \$5,000 and consists of farm land.

## TEMPORARY SECRETARY ELECTED BY B. T. C.

Honor Is Bestowed On Jessie Blattenberg Of Plasters Local Union

At the meeting of the Buidin Trades Council last night, Jessie Blattenberg of the Plasterers' Union was elected temporary secretary in the absence of the regular secretary, C. C. Vickers, who on his way to Boston. The session last night was one of the briefest of the year, only routine business being transacted, after which an early adjournment was taken.

J. C. Cannon of Dinuba, was the only out-of-town delegate present.

## MAY ESTABLISH AUTO SCHOOL FOR OWNERS AT FRESNO Y. M. C. A.

If plans being made by Secretary Walter L. Eastman of the Fresno Young Men's Christian Association do not mature it is possible that an auto school for owners may be a feature of the Y. M. C. A. work this winter.

Mr. Eastman believes that there are hundreds of men driving automobiles in this city that know very little about their machines and is of the opinion that a school of instruction in the mechanism and correct methods of making repairs would be immensely popular. The school would not be conducted with the idea of developing potential chauffeurs but would be for the benefit of auto owners.

Some difficulty in being experienced in finding a location for this school as there is no room in the Association building, but if suitable quarters are secured the school will probably be established.

## GIVES UP ONE HALF OF HIS SOLDIER'S PAY

Infantryman Proffitt Will Thus Escape Prosecution Under Civil Law

The military authorities are co-operating with the civil administration that justice be done in the case of John Proffitt, accused of failure to provide for his infant daughter for a year or more. A motion was made yesterday before Judge Church to dismiss the charge as arrangements would be made for his compulsory support of the infant.

Proffitt is a private in Company K of the 8th United States Infantry and his commander, Capt. Louis H. Bush, states that at the Presidio, will see to it that out of his pay shall be remitted monthly by the regimental paymaster one half for the benefit of the neglected child, Uncle Sam to retain the father under his term of enlistment. Mrs. Lella Proffitt also sued the soldier man for divorce yesterday, alleging that he had abandoned her and failed to provide. Proffitt has been in jail for 6 weeks, until he made up his mind to give up the one half of his pay to gain his liberty under the civil process.

## MAYOR SNOW HAS CHOSEN APPOINTEES

Mayor Snow has made his selections for the remaining four unfilled positions in the newly created children's playgrounds commission. He has written to the persons chosen to ascertain whether they will accept the appointments, and until favorable replies are received their identity will not be divulged. Mr. Snow has considered the appointment on the commission of City Superintendent of Schools Starr, having learned that he has had experience in playground management before coming to Fresno from the East.

## THIS FEDERAL EMPLOYE TALKS

About the New Tonic Plant Juice and the Benefits Derived From Its Use

Here is a testimonial from one of the residents of Fresno, Mr. J. J. Gentry, who resides at 1601 West street, this city, the popular and efficient general delivery clerk at the Fresno postoffice.

Mr. Gentry said: "I have suffered with stomach trouble and malaria for the past two years. I had severe pains in my chest and stomach, and was in such pain that I could not sleep. I was also greatly troubled with indigestion. I have only taken two bottles of Plant Juice and my stomach is in much better condition and I am able to sleep fine and wake up refreshed in the mornings. I really feel that I cannot say too much for this remedy."

Plant Juice is a vegetable remedy made from the juices of medicinal plants and has no equal in combating all ailments of the stomach, liver, kidneys and blood. It cleanses the liver, clears the blood, and puts the entire system into normal working order. If you suffer from indigestion, gas, bloating, flat breath, coated tongue, a feeling of lassitude, dull headaches, dizziness, poor appetite, sleeplessness, biliousness, malaria, torpid liver, and a general run-down and tired-out feeling, you will find that Plant Juice will put you in fine shape in the shortest possible time. It will give you new energy and vigor and make you feel like a different person. Try a bottle and see yourself. Sold by the San Joaquin Drug store.

## IS KINGSBURG ALL IN FRESNO COUNTY?

Line Must Be Surveyed Before Street Assessments Are Levied

The town of Kingsburg contemplates the opening and grading of first and second streets to the town limits. The town limits run to the dividing line between Fresno and Tulare counties, but nobody knows for certain where that county dividing line lies. This was the puzzle that City Engineer John S. Bates passed up for a solution to the supervisors yesterday.

It was not so certain, according to the explanations made yesterday, that a portion of the townsite is in Fresno county, and it could not be expected that where property holders should be taxed for a street improvement for a town in Fresno county. All agreed to this, but then there was ever the question which is that dividing line county line, but as it is to be ascertained unless a survey is made across the county? This was the opinion of County Surveyor Scott McKay and of Civil Engineer Bates also. Of course, the statutory boundary line has been described in the laws, but it has never been run or staked out, and no one knows where the line is, nor whether Kingsburg is all in one county or partly in two and it is all out of the question that town streets in Fresno county should run into the adjoining county and have about complications for street work assessments.

The problem involved in the singular state of affairs was so many and complicated that the decision was that a solution could only be had after a jointly authorized survey of the line on the ground by the two county surveyors. Fresno could do authoritatively nothing alone, and Mr. Bates would have before anything practical can be attempted to seek the cooperation of Tulare county.

The assessors of the two counties have for years experienced trouble in correctly assessing property intersected by the county line. So many have been the complications that they resolved upon and have followed the arbitrary rule to assess alternately in one county and in the other the triangular parcels left in one or the other by imaginary county boundary line bisecting the sections diagonally. Even so it is there are instances where the major portion of farms, ranches, or systems assessed in Fresno, and the farm house, improvements and personal property of the owner in Tulare and vice versa.

The discussion of the question yesterday before the supervisors made it evident that the actual determination of the county boundary must soon be made as a legal necessity, and that the street improvement in Kingsburg may force the question to an issue. It may be that a portion of Kingsburg will be lost to Tulare, as claimed by some that the line is correctly so far on this side in Fresno county.

## RECALL ELECTION IS TAKEN INTO COURT

Sanger, Trustees Must Appear At Sacramento On 20th of This Month

The application made to the State Supreme Court last Saturday for an alternative writ of mandate requiring the town councilmen of Sanger to show cause why they will not call the election for their recall has been granted, returnable before the district appellate court at Sacramento about the 20th of this month.

Attorney C. K. Doucett, who made the application, says the writ and recall is directed against E. E. Baird (acting mayor), F. D. Atkinson, John Sanger, and F. H. Henshaw. He said, the fifth councilman, is not affected by the recall movement, because he is an appointee, to fill a vacancy by reason of resignation and under the law it recall cannot affect an appointee until after he has been six months in office.

The Supreme Court, through Justice Lennon, said Attorney Doucett, did not make the writ returnable before himself, because it is overwhelmed with business on account of new legislation, not want the action under the law before the San Francisco district court, because that tribunal is temporarily disorganized with the absence on vacation of Justice Kerrigan and the unfilled vacancy by reason of the death of Justice Hall.

The trustees refused on the advice of Sanger's city attorney to call the recall election, although its claim the clerk had verified the petition as correct and sufficient as to the required signatures three weeks ago.

## COUNTY PAY GOES FOR CHILD'S SUPPORT

Hartman Sentenced for One Year to Be Placed On Public Work

S. Hartman came in yesterday for a county job, with free board and lodging that he did not look for, having failed in his promise to the court to find the surplus that would go to his head that he would regularly make provision for the support of his child. Judge Church sentenced him to the county jail for one year to be placed, however, on public work and under the new law that for his work \$1.50 of the daily pay from the county shall go to the wife for the support of that child.

Hartman will be placed on work about the court house park. This is the second case in the county in which the law has been applied to give the mother equivalent of his work for the support of the neglected wife and child. Hartman has proceeded on the theory that because his wife left him and sued for divorce for non-support he was absolved from all further care of the family. The jury's verdict shattered that theory of his.

Judge Church also denied the motion to discharge the laundry washer, Bert Garrison, because the verdict as claimed would support the conviction. This was another case of failure to provide for a child. Sentence was suspended and the case referred to the probation officer for a report.

## AMAZON EXPLORERS ARE UP 2000 MILES

PHILADELPHIA, Sept. 8.—The Amazon Exploration expedition sent out by the University of Pennsylvania several months ago, has just reported reaching Caracas, a small settlement at the head waters of navigation on the Rio Orinoco, near the borders of the Guianas, in South America. It is about 2,000 miles from the mouth of the Amazon and is a spot almost unknown to civilization. All the members of the expedition are reported to be in good health.

## INSPECTION OF PARK FOR SPRING PLANTING

Police Patrol of Roeding Will Not Be Attempted Until Flowers Bloom

The park commissioners will go out to Roeding park next Tuesday morning to lay out improvement work which will be undertaken with the fiscal year's appropriation, independent of any bond issue in the future for the general embellishment and completion of the park as an entirety. Especially is it intended to make more inviting and snugly the ground about the railroad waiting station so that the visitor may have the best first impressions on arriving within the park reservation. The improvement here will be in the rounding of sharp corners in the drives and paths, also to put out embellishing flower beds, and generally to prepare for the new plantings in the park next spring.

In this connection at the meeting held yesterday of the commissioners, it was decided not to undertake the polling of the park until next spring. There is in mind a proposition to have a mounted patrol policeman in the park during hours in the afternoon and at night and pay him \$100 a month, he to provide his own mount. This patrol would not continue throughout the entire year, however.

In regard to the furnishing of benches for the park, Secretary Chambers was authorized to communicate with Carey, Warner & Co. of Redding to ascertain how much they would ask for making and installing concert benches, which cannot be moved when once placed, nor damaged by mutilating vandals as the wooden settees. Modern county has installed attractive concrete benches in its chert house park, each large enough for four persons, and these benches were turned out at a cost of \$250 each for the material.

Owing to the absence of Commissioner Jones, the board set for the next meeting the consideration of a general plan for the drainage or water freshening of the lake at the park to make them, as was said, more of a popular attraction, rather than continue them as now as nuisances with the scum covered surface of the stagnant water and the bad odor of it, besides making mosquito breeding spots of them.

Another incidental question considered was to disburse eventually with the irrigation ditch dividing the new from the old portion of the park. The ditch furnishes little water at best in season and is a nuisance in the park to make them, as was said, more of a popular attraction, rather than continue them as now as nuisances with the scum covered surface of the stagnant water and the bad odor of it, besides making mosquito breeding spots of them.

## INTERESTING BOOKS RECENTLY RECEIVED

Number of Works of Fiction At Library Proving Very Popular

A number of very interesting books of fiction have been received at the public library in the past few weeks and are coming very much into demand.

One of these books is "Patchwork Comedy," by Jordan. Regarding this work, a reviewer says:

"A story of enthralling interest. The stakes are the winning of a woman, love and the safeguarding of an honest name, threatened by the exposure of an unpublished scandal. There is plenty of swift action, sharp character drawing and realistic description of scenes and situations. The book is a very penetrating observation on life and of pointing out contrasting features in English and French characters."

"The Scarlet Filter" by Bertha Hunkle is another work that has proven very fascinating.

"If you are time-tired, modernity-faded, to smile and sigh with the brave lad and his love, as so many do. There's special excitement too in this novel and narrow escapes and the dramatic complications that stir even 20th Century pulses."

"The Froth of Reamery," by Mrs. Barker is the love story of Miss Froth, an athletic, young, frothy girl. Told with a grace and simplicity peculiar to the writer, it forms a delightful summer book.

Henry Sanger Harrison has more than made good the promise of "Queen in V."

## CALIFORNIA

Written for Admission Day by Rev. Dr. J. W. Conley.

Hail to California.  
The crown of the Golden West,  
The state of fruit and sunshine,  
A land supremely blest.

Hail to her snow-capped mountains,  
Her valleys and her plains,  
Her vineyards and her ranches,  
Where wealth with beauty reigns.

Hail to her towns and cities,  
Growing by leaps and bounds,  
All filled with buoyant vigor,  
Where songs of hope resound.

Hail to the grand old ocean,  
That washes her Western shore,  
And brings the wealth of the Orient,  
And lays it at her door.

Hail to her sons and daughters;  
Hail to the brave and the fair,  
To all who love California,  
Who for her will do and dare.

# California Oil

**PARKFIELD COMPANY**  
NEARING OIL SANDS

**NEW MONTEREY FIELD**  
IS DEVELOPING FAST

Good Showing Is Made By  
Future Success Co. In  
Monterey County

Three Companies Drilling  
for Oil Are Finding In-  
dications Good

COALINGA, Sept. 8.—The Future Success Oil Company, on section 13, 23-16, Parkfield district, Monterey county, has drilled its well No. 1 to 1210 feet with 6 5/8-inch casing. The tools are in shale that overlies the oil sand, and considerable gas is coming with the shale. The tools passed through twenty feet of sand showing a trace of light oil. The formation dips into the hills and the sands that are exposed indicate a light oil, as does the seepage along the base of the hill. Present indications suggest about 1500 feet of the pay sand. The work is being done by oil men who understand the business.

**BOWEN'S LUNCHEONETTE**  
—This rightfully becomes the most popular monthly lunch served every day from 11:45 a. m. till 1 p. m.

**VERY PAINFUL  
BLISTERS ON BODY**

Like Scalds or Skin Burns. Apparently Itching and Burning. Cuticura Soap and Ointment Cured Completely.

R. F. D. 4331, Port Orchard, Wash. — "When my baby was about five days old his skin became entirely covered with varying sized blisters which were very painful, causing very much distress and sleeplessness. They appeared very much like scalds or skin burns, apparently itching and burning. The blisters irritated the skin, causing sores. I tried a powder and afterwards other remedies but the sores became worse. They lasted about six weeks before I used Cuticura Ointment. After washing the irritated parts well with Cuticura Soap and applying the Cuticura Ointment he received almost instant relief, and the cure was complete in seven or eight days." (Signed) Mrs. J. C. Kelley, Dec. 4, 1912.

**TO REMOVE DANDRUFF**  
Prevent falling hair, remove crusts and scales, and allay itching and irritation of the scalp, frequent shampoo with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, afford the speediest and most economical treatment. They assist in promoting the growth and beauty of the hair by removing those conditions which tend to make it dry, thin, and lifeless, often leading to premature grayness and loss of hair. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 22-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."  
\*Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## BRIEF OIL NOTES OF COALINGA FIELD

COALINGA, Sept. 8.—One of the big companies in this field is reported to be getting ready for any summer in price of oil. They have, so the report stated, about ten wells drilled in the oil sand and there stopped, to be completed at any time should the price reach 50 cents or better. They have the reservoir in Mother Earth ready to tap at any time.

The Lost Hills-Hanford Oil Company, on section 13, 23-16, at the extreme north end of the Lost Hills, with well No. 1 is about 2700 feet deep with 6 1/2-inch casing. The indications for a well are reported to be good, as the shales are showing gas in good quantity. The company is made up of Hanford people.

The Universal Oil Company, on section 13, 23-16, is now running night and day on the first well drilling. The company is putting in 18-inch stove-pipe casing. The location of the well is about three miles east from the Junction Station of the Production Pipe Line, out on the plains. Progress on this well will be of interest to the oil men generally.

The Canadian-Coalinga Oil Company, on section 8, 23-15, has redrilled well No. 1 to 2395 feet, getting fifteen feet of new oil sand. This gives the well twenty-three feet of good live oil sand. The well is on the beam, it will take a few days' bailing before the amount of production will be known.

The Spokane-Parkfield Oil Company, on section 13, 23-14, has drilled well No. 1 to 180 feet with 4 1/2-inch casing. The tools are in the oil sand, making a very nice showing. This is the shallow territory of the Parkfield district, Monterey county.

The Little Jack Oil Company, in the Devil's Den district, on section 23, 23-16, has drilled well No. 1 to 1900 feet with 12 1/2-inch casing. The formation is drab-blue-Coalinga shale. The work is being done by daylight.

With the passing of the hot weather work has been resumed about the Devil's Den district. The Marathon Oil Company, on section 13, 23-13, and the Lavy Oil Company, on section 34, 23-15, started last week.

The Pluto Oil Company, in the Devil's Den district, on section 19, 23-19, has drilled well No. 1 to about 3400 feet with 4 1/2-inch casing. The present formation has been blue shale with seams of oil sand which is very encouraging.

The Turner Oil Company, on section 2, 23-15, has completed a rig for the No. 8 well located 400 north of well No. 7. The second water well has been completed and is situated close to the first well. It will be pumped by the same rig.

The W. O. Oil Company, on section 2, 23-15, has drilled well No. 14 to the oil sand and shut the well in. It is supposed to be in accordance with the agreement with the Dutch Shell.

**PROMISE ACTIVITY  
FOR DEVIL'S DEN**  
Transfers of Property and Investigation By Geologists Lead to Rumor Of New Development Work

COALINGA, Sept. 8.—Indications of a revival of interest in the Devil's Den district is shown in the changing hands of property lying to the south-west of the Pluto well. It is reported that several parties have been investigating the lands through the southeastern part of the district, and that the record shows three transfers of properties during July. Geologists who have studied the formation about the Pluto well, and who reported that they are making reports for interested parties evidently, as the days for prospecting are past. The investigations now being made cover considerable land lying between Devil's Den and the north end of the Lost Hills.

**FAKE OIL NEWS IS  
PRINTED IN SOUTH**

COALINGA, Sept. 8.—An item appeared in the San Francisco Chronicle of August 20th claiming to be a special from Los Angeles which

stated that "the biggest oil gusher ever found in the Coalinga field" came in located about five miles west from Coalinga; "that the oil was thrown 100 feet above 'the opening of the well.'" This is a fake story. No such flow occurred. A dry gas well of about 200 pounds pressure was brought in. The flow was dry gas, no water or oil coming at any time. These facts started the oil business any good. On the contrary, they do harm, for the truth is soon known. The gas well on this property is operated by B. I. Potter of Los Angeles. The ground is owned by the Traders' Oil Company. There are three oil wells producing and this gas well, on section 35, 23-14.

**PINK TIGHTS NOT  
HELD FOR CRIME**

TUSCON, Ariz., Sept. 8.—Miss Claire Simpson's request for a jury of women was denied today when she was placed on trial in police court for wearing an outfit that the magistrate who tried her instead, acquitted her because he could not determine whether pink tights, worn with the gown were as immodest as black.

Miss Simpson wore pink tights, her defense was that they were not at all immodest, as the black tights generally employed by wearers of X-ray gowns, which contrasted sharply with diaphanous draperies, and were frankly-revealing. The court ruled that he was not an arbiter of dress and discharged the prisoner.

**YOUNG GERMAN TRAVELER ILL.**  
CHICAGO, Sept. 8.—Erich Von Goldschmidt-Rothschild of Frankfurt-on-the-Main, Germany, is ill with a severe cold at a local hotel and Dr. Victor Van Varenhoff the young man's physician said it might be several days before his patient is able to resume his journey east.

Dr. Van Varenhoff said his patient caught cold on Pike's Peak, Colo., a week ago.

Dr. Hunt cures consumption.

**IS MRS. PANKHURST  
UNDESIRABLE CITIZEN?**

WASHINGTON, Sept. 8.—Before Mrs. Emmeline Pankhurst, leader of the British militant suffragettes, can be admitted to the United States in October, the time set in the latest announcements for her coming, the immigration authorities will decide whether any of the acts for which she has been imprisoned in England constitute moral turpitude within the meaning of the law, and make her an undesirable alien.

She will be detained at whatever port she lands, but whether, eventually, she will be permitted to enter cannot be foretold. To the immigration authorities, Mrs. Pankhurst's visit presents at this time purely a hypothetical question—and they decline to pass on it in advance. Officials of the department of labor now are seeking all obtainable information concerning the British suffragette's militant activities that may have a legal bearing on her right to admission to the United States.

**POLICE HERO HONORED**

# SOLANO IRRIGATED FARMS "The Poultryman's Paradise"

**A dollar per hen every year can be made in Solano Valley!**

Buy a 10-acre farm, plant half of it to alfalfa, get a few good dairy cows, chickens and hogs and you have a source of income as sure and safe as Government bonds.

Think what a thousand chickens alone will mean!—a profit of \$1000 a year.

Solano Irrigated Farms offer YOU this sort of an investment—it's the finest chance in years for the salaried man to become a land owner.

The 10 and 20 acre farms we are now offering are ideally adapted for intensive farming—beans, peas, cucumbers, lettuce, squash, melons and all low standing varieties of crops produce maximum profits. And the combination of alfalfa and cows or alfalfa and hogs pay big.

Men in every section of California have amassed great fortunes by raising alfalfa and hogs or dairy cattle—here is the selfsame opportunity waiting for YOU!

Located only 40 miles, two hours from San Francisco—served by main line service Southern Pacific—new Oakland-Antioch Electric trains running right through Solano Irrigated Farms—big river steamers for cheap freight transportation.

Men in every corner of America now have their eyes turned upon California. The great Panama-Pacific Exposition will bring in a million enthusiasts. California's

land is going to be in demand never before known—every acre will be a veritable fortune.

Now is the time to invest in your own California! Now is the moment to grasp the opportunity and pave the way to greater things.

Solano Irrigated Farms ARE wonderfully fine lands, their location is second to none, their inexhaustible, unlimited water supply from the Sacramento River can be termed an irrigation masterpiece, their transportation facilities rank with those of New York to Brooklyn—their soil is California's richest, proof positive that it's the BEST buy in America today!!

Our finest land now \$175 to \$300 an acre, including perpetual water rights.

Terms 10 per cent or 20 per cent down, balance easy payments, 6 years' time. Lease your land back to us for five years, we will plant it to alfalfa, farm it scientifically, do all the work, and PAY you one-third the whole crop every year!

From EVERY standpoint our proposition stands head and shoulders above any other in the state. We have EVERYTHING to offer you and land is now ready for immediate occupation.

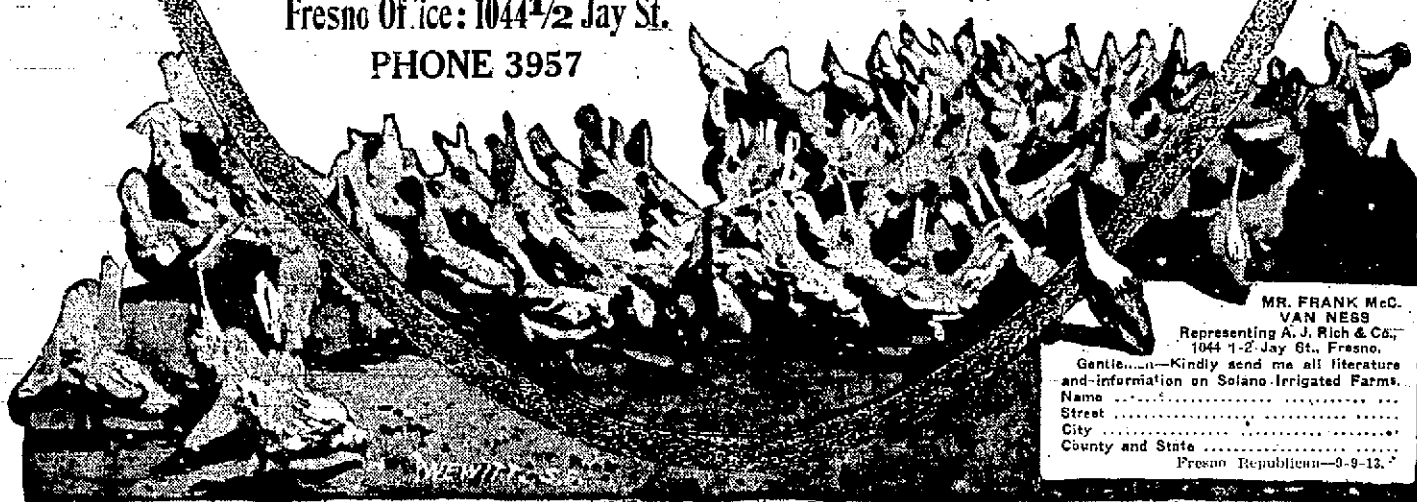

If you're interested in big-paying California land we have it. Call or write for free literature and all information. We have an office near you with facts and figures on hand. The Fair is only 18 months off—ACT NOW.

## KILLS WIFE AND PREVIOUS FRIEND

Husband Arrested On a  
Charge of Double Murder  
In Los Angeles

LOS ANGELES, Sept. 7.—Harry Sharpley and Mrs. Frank Kiser were shot to death here today and Frank Kiser was arrested on a charge of murder. The shooting occurred at Kiser's home.

Kiser and Sharpley had been rival admirers of the woman, then Mrs. Gertrude Brookinger, a boarding-house keeper in Wichita, Kans. The two men had lived in her house. Kiser admitted today that he had been the least favored one.

Mrs. Brookinger and Sharpley met a year ago in San Diego. Some months later Kiser, still faithful in his devotion, found Mrs. Brookinger deserted, he said. They were married here a few months ago.

Today Sharpley appeared. According to the story related by the husband, he told Sharpley that if his wife desired, he would leave and get a divorce, that his wife's happiness was first to be considered.

Then a scene followed in which, Kiser said, Sharpley kissed his wife. As the two were in each other's arms, a revolver was emptied, resulting in the two deaths.

Two children of the woman's by a former marriage were made motherless.

## MOTHER AND SON FOUND MURDERERS

LOS ANGELES, N. M., Sept. 7.—After deliberating eight hours, a jury in the federal court here today rendered its morning finding that Leonidas De Triego and her son, Toribio Griego, guilty of murder in the second degree. The mother and her son were tried for the murder of Mrs. Gertrude Griego, the 35-year-old wife of the latter, who was choked to death during a family quarrel. The Griego family is prominent in Valencia county. The murdered woman was a bride of but a few weeks. The maximum penalty for the crime is life imprisonment.

## NEW MISSION DOLORES CORNERSTONE IS LAID

Site of Famous Old Mission  
Will See Steel Framed  
Structure

SAN FRANCISCO, Sept. 7.—The corner-stone of the new mission Dolores church which is to rise at the site of the old mission Dolores building, one of the oldest missions in California, was laid today. The stone that was used is the one that formed the corner-stone of the church destroyed in the fire of 1848.

In the new edifice the architectural design will be the same as that of the old mission building. The new structure, which will be a steel framed building, will be a masterpiece of modern architecture. The new building will be a masterpiece of modern architecture. The new building will be a masterpiece of modern architecture.

Archbishop P. W. Riordan presided at the exercises today and Bishop E. J. Hanna delivered the dedicatory sermon.

**NOTICE**  
The Kenney Boulevard Heights school for boys living in E. B. H. will open on September 20th. All children from the first to the eighth grades, living in Kenney Boulevard Heights will be admitted without charge. A few acceptable pupils living near the tract can be accommodated and will be charged a small fee. Those living outside the tract, desiring to enter their children can do so by interviewing Miss Smith will be at the tract office after the 15th.

## A Medicine That Gives Strength

Dr. Williams' Pink Pills are a strengthening medicine. Surely and effectively they build up the blood, invigorate the appetite, tone up the digestion, give brightness to the eye, color to cheeks and lips and quickness to the step. As their direct action is on the blood, making it a health-bearing stream, no part of the body can escape their beneficial influence.

Dr. Williams' Pink Pills are not a patent medicine but a doctor's prescription, now used the world over because of their recognized value as a household medicine. They are sold everywhere in a standard, trade-marked package which is a guarantee of uniform purity and strength and which contains the doctor's own directions and special instructions.

Start now to tone up your system by getting a box of Dr. Williams' Pink Pills from your druggist. Follow directions closely and improvement is as certain as almost anything in medical science.

## FACE COVERED WITH PIMPLES— RESINOL CURED

Atlanta, Ga., April 24, 1913.—"When I received the sample of Resinol Soap and Resinol Ointment, my face was covered with pimples which defied other creams, soaps and cosmetics. They were a source of constant humiliation to me, coming in contact with many strangers as I do, as a business woman."

"By the time I had finished a cake of Resinol Soap and used a jar of Resinol Ointment, my skin was soft as velvet, and as smooth. My friends were stunned, and everyone asked me what I had done. When I told them, I think they hardly believed it. For the transformation was simply wonderful."

"Since then I have been using Resinol Soap and shall never be without it again, for I have learned the delights of a clear, soft, beautiful complexion that may be attained by its constant use." (Signed) Miss E. P. Gaddis, 284 South Pryor St.

Resinol Ointment and Resinol Soap stop itching instantly and speedily heal eczema, and other skin humors, dandruff, sores, burns and piles. Sold by every druggist. For free trial, write to Dept. 17-R, Resinol, Baltimore, Md.

## Had Serious Lung Trouble—Now Well

It is surprising that there exists much skepticism as to the possibility of a person recovering from severe lung trouble when there are many reports of complete recoveries brought about through the use of Eckman's Alternative. This is a remedy for the throat and lungs, which should be investigated by every sufferer. Read of this case:

1815 Siquelana Ave., Phila., Pa.  
"My dear Sir: For two years I was afflicted with hemorrhages of the lungs, and in February of 1912 I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house, I was left with a frightful hacking cough, which no medicine I had taken would relieve. It was at this time, March, 1912, that I started taking Eckman's Alternative. In a short time my cough was gone, and I was pronounced well. I have since had two or three slight attacks of pneumonia, but have recovered to no other medicine to which I have resorted. I cannot speak too highly for the good it has done."

(Signed) HOWARD L. KLOTZ.  
(Above abbreviated; more on request.)  
Eckman's Alternative has been proven by many years' test to be most effective in cases of severe Throat and Lung Affections, Bronchitis, Pneumonia, Asthma, Stomach Ailments and all conditions of the system. Does not contain narcotics, poison or habit forming drugs. For sale by all druggists. Write the Eckman Laboratories, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

## EXHIBIT OF PHILIPPINE FURNITURE NOW AT WASHINGTON

Great Skill Shown By  
Natives In Handling  
Tools

Wood-of-the-Narra Very  
Well Adapted for  
the Purpose

A great deal has been heard but little known of this side of the world of the rare and beautiful hard woods of the Philippine Islands and some of the sharps told may have suggested that they were beautiful and well adapted, but a practical demonstration that these stories were founded on fact may be found in the office of General Frank McIntire, chief of the bureau of Insular Affairs, where there has just been received from the islands enough furniture to furnish two office rooms. Many persons have called out of mingled interest and curiosity and have critically examined this furniture in admiration, that could not be suppressed.

About a year ago, the story goes, it occurred to the Insular Bureau, which has charge of the affairs of civil government in the Philippines and Porto Rico, as well as of the affairs of the customs receptiveness of Santo Domingo, that it would be a good idea to have in Washington, for the inspection of visitors and interested in our far away islands an exhibit of one of their valuable resources. The idea prompted the thought that the exhibit might be used as well as ornamental and it was therefore decided to select from the Philippine Islands, out of the native hardwoods and by native workmen, enough furniture for the rooms in the War Department building occupied by the chief of the Bureau of Insular Affairs to show the possibilities as well as the beautiful color and grain of the Philippine hardwoods.

The governor general of the islands was consulted and gave his prompt and hearty approval and the action necessary to put the thought into effect was taken at once. Drawings and specifications as to dimensions and style were prepared in Washington and forwarded to Manila, and officials regard it as a compliment to the American instruction as well as the native mechanical dexterity that these drawings and specifications were followed down the minutest detail, and nothing added or omitted. The furniture was shipped last week around the world and has just recently arrived in exceptionally good condition. It is made of red narra, or Philippine mahogany, and is a light clear color, shading to slightly darker, but a natural finish with a high polish, and is strikingly grained.

The furniture shows the ability and dexterity of the natives in their work as well as their capacity to learn. They turn out only manufactured goods of the best quality and of the highest grade of workmanship. They depend entirely on local material for their output and the Philippines are taught the value of native raw material and products.

**INDUSTRIAL TRAINING.**  
The policy of the government from the very beginning has been one of preparing the Philippines for industrial efficiency. In the schools this is particularly noticeable. Due to the favorable system of organization an industrial and vocational program of education has been put into operation which reaches down into the very primary grades of the public schools and slurs the boys and girls on an industrial career that turns them out productive members of the community.

In addition to making use of the fine native lumber found in such abundance, other products of the country, the existence of which in many cases was scarcely known to the Philippines, are being developed. The Philippine Islands are being taught the value of their own products and the value of their own labor.

A noted educator from the United States, after inspecting the work of the Philippine schools and the industrial features in particular, remarked, "Other nations one of these days will be coming to the Philippines to learn how the educational triumphs have been won."

Billboard prison at Manila is considered one of the best industrial schools for adults in the world. It is not only a place of confinement for criminals, but a place of instruction for the masses. The Philippine Islands are being taught the value of their own products and the value of their own labor.

## BRIDEGROOM-TO-BE IS FOUND DEAD IN ROOM

TERRIFIC MURDER, Ind., Sept. 7.—Dr. M. H. Van Cleave of Muncie was found dead in his bedroom in a hotel here today by relatives of Miles Allan Brown of Marshall, Ill., to whom he was to have been married at noon. There were no indications of self-destruction and coroner F. H. Jett announced he would hold an autopsy.

On his way to Marshall, Dr. Van Cleave arrived here last night but missed the train he was to have taken this morning. He telephoned his bride-to-be to tell her that he would be there in an automobile and she returned to his room in the hotel.

It represents the preference of timber workers. Narra is always placed in the first, or highest, group in the classification of the woods of the islands, and is of a singularly rich and beautiful color.

Narra is among the very highest priced woods because of its beautiful color, durability and adaptability. The Philippines produce harder and better woods for exterior work but they do not furnish anything superior for interior decoration or furniture. The wood of Narra is moderately heavy, moderately hard, very durable, and its color, if ever attacked by insects, is never attacked by them. It is well when properly treated and takes a fine polish. The heartwood of narra is white, yellow or red, and the sapwood nearly white. The grain is rather fine, but irregular, and very beautiful when quartered.

Narra is used principally for interior house trim, the province of Cagayan, Minoro, Tayabas, Albay, Iloilo, and Sorsogon lead in the production of narra.

Narra is divided commercially into two varieties, called Red and Yellow. So far as is known, this division is not based on color, but on the texture of the timber, in which the tree grows. Both species have the red and yellow varieties. The red grows in the hilly country, near the streams generally, and the yellow is found in the flats near the seacoast.

Shells are obtained from the buttresses of Narra, from which large one-piece table tops are made. These are sometimes 5 feet and over in diameter. Narra wood is often finished in its natural color and sometimes stained brown or dark red.

This class of wood, formerly very popular in Manila and high grade furniture is becoming very scarce on account of the world and is much limited by stains or veneers. It is not generally known that there is almost an inexhaustible supply under the jurisdiction of this government on which no import duty is levied.

**GREAT AREA.**  
It has been estimated that there are as high as 40,000,000 acres of public forest lands in the Philippine Islands. The Director of Forestry says in a report:

In a recent visit to the southern islands of this group, I was impressed with the amount of timber standing on the smaller islands; frequently the topography was such that it could be exploited with facility. I saw tracts of virgin forest where there were 10,000 cubic feet of magnificent timber per acre was standing; trees 150 feet in height, with trunks clear of branches for 80 feet. There are many millions of cubic feet of timber in these forests that should be cut in order to properly thin out the dense growth of jungle. In some places there are three or four trees growing on a space required for one, that so free would not put on more good wood each year than the four together.

It is safe to state that the number of trees on these islands will be nearer 500 than 450, a great majority of these undoubtedly being hard woods. The edges of the great forests have been scarcely cut away and 50 valuable hard woods given to the world, the full value of which species has not been ascertained. The islands of Mindanao and six or seven native tree species are now listed.

Some idea of the present and potential value of the islands in hardwood alone may be gained from the bare statement that there is enough hardwood standing in the virgin forests of the islands several times over to pay for their original cost to the United States even if sold at only a nominal price per acre.—Federal Bulletin.

**PATRIOTISM.**  
Real patriotism is not a willingness to give your money and your thought for your country.

If you would take the time you employ in drilling in the armory, wearing gold braid and a sword, and employ it in interesting yourself in political conditions in your own ward, you would be more of a patriot.

Patriotism is not a military thing, to be exercised upon supreme occasions of war, but it is an everyday thing to be shown by improving the conditions of life in your own community. It is not for parade. It is for use.

It is not a luxury. It is a necessity. You cannot be a genuine patriot until you are converted. Instead of a merely individual conscience you must feel that your city's affairs are "my business" and not the political bosses' business. You must develop the Human Nerve. You must feel what Humanity means.

For patriotism is a religion; it means a high form of continuous devotion. You cannot be a patriot and not be interested in politics. Politics is the expression of Patriotism. If it is degraded, you are degraded and your city and state.—Dr. Frank Crane in Woman's World for September.

**RELIGION AND DANCING.**  
The dance, says Anna Pavlova in the September Strand, is a major part of all primitive religions, and it is on primitive religions that all the religions of today are built. In this matter of religion and the dance, Americans are, of course, most familiar with the dance rituals of the Red Indian. You must not scoff at the religion of the Indians, because the Indians who survive still love the dance. I have studied the beliefs of some of the North American tribes, for it is my hobby to learn all I can about the dance in every age and in every land. I learn from the ethnologists and anthropologists and archaeologists—can Americans really make fun of Russian mummers—that there is not one of the many score tribes which does not have a belief in a floor similar to the floor of the Hindu. Some of the tribes and the more they danced the better. They were—had surprisingly little to do with the dance. The best-known dancing Indians are the Hopi—correctly called Hopi, not "Peaceful People." There is the well-known snake dance. Immorality is not the name of the dance, and the women, instead of being the oft-battered drudges as we are supposed to be, enjoyed feminine rights, including the right to vote in the village councils. The Hopi white men set foot on American soil.

## QUEERKNESSES OF LONDON TONGUES

Plain English Hardly to Be  
Found In English  
Capital

By W. HAMILTON RHODES.  
LONDON, Sept. 7.—Plain English, it seems, is becoming a handicap in London and only the higher classes use it. As for the ordinary run of people, they speak half a dozen dialects, each one of which is about as puzzling to an American as Chinese, and yet the English pretend that they cannot understand Americans, who are supposed to speak the plainest kind of English.

One thus encounters with their "dilly-bank-pull-street" railway porters who strident call resembles a string of high-pitched, invective, more than a list of stations where the train stops; waiters who shout "one hot pea" in the stairs when they really mean it cut from the hot food for one customer, with a portion of peas; and the itinerant suburban sweep whose peculiar call suggests a Channel crossing, are only a few examples of the numerous classes who find plain, ordinary English a handicap to their business.

Police constables are among the offenders and an expert says that they do not speak clearly, because they have got into the way of holding up their hands to stop traffic, instead of shouting.

London, in fact, is becoming inarticulate and badly understood by the personative, who discussed this growing disregard of plain speech with university experts yesterday, was surprised to find they strangely defended it.

"Language is merely a means of making oneself understood, and as long as the speaker is understood, it is the speaker who backs his orders on parade, make it known clearly what they want, is there any cause for complaint?" asked Daniel Jones, lecturer on phonetics at University College, London, and at the University of Oxford.

"All these classes are used to talking among themselves in their own particular way, and they are perfectly understood. The general public, even if they do not speak these 'class dialects,' understand them, nevertheless. We get used to them, and in the public mind, one dialect is as good as another. The air remains perfectly recognizable."

Mr. Jones, who has had great experience in toning down accent and dialect peculiarities, was asked whether universal pure speech would not be an advantage in making a more homogeneous London and less city of babel.

"Our sense of the picturesque would suffer from the ban on variety," he replied. "Besides, who is to decide which style of language, brogue or accent is correct? Lancashire thinks that the accent which justifies on the Londoner is the right and the best way of speaking English; every dialect province thinks the same. Only the other day a man in the Midlands wrote to me to say that I spoke with a 'haunting London simper.'"

"Some little time ago I was engaged with a Lancashire professional man who had obtained an appointment in London, and wanted to tone down his native accent to what we in London consider good English speaking. But it was an almost hopeless task. He could not do it."

"Bad for bad."  
"Good for bad."  
"When I asked him to say 'That doesn't matter,' he would say, 'That doesn't matter.'"

"Now, by taking him to the other extreme, and exaggerating the London way of pronouncing it, like this: 'That doesn't matter.' I got him to say the phrase correctly. But the very first time he went back to Lancashire they laughed at him for what he regarded as an absurd, meaningless, affectation of speech. He told me he felt guilty every time he tried to talk in the Southern way."

One of the difficulties of pronunciation is the difficulty one always experiences in making a word which operates as a single about whether it is in English, Italian or German, the words are equally unintelligible. Mr. Jones attributes this to the fact that music is taught by foreign experts who cannot pronounce English, and make their pupils say "halloo" for "have."

**RIPE SWEET PEPPER CATSUP.**  
One bushel peppers, 1 dozen ripe cucumbers, 1 dozen large onions, 1-2 peck apples.

Remove seeds from peppers and the cores from the apples, peel and seed the cucumbers, and peel—the onions. Add 1-2 dozen small peppers, stemmed and seeded. Run all through a meat grinder. Mix through this 1-4 gallons of salt. Let it stand 24 hours, then squeeze through a cotton sack, 1 quart at a time. Put 2-3 gallons of good cider vinegar on the stove, in which put 1 pounds of brown sugar, 3 ounces of ground mace, 3 ounces of ground cinnamon. Let it boil. Then boil 1-2 pint white mustard seed and 1-4 pint of celery seed in 1-2 pint of vinegar for one hour. Boil over the fire, stirring all the time. Let the catsup cool on the stove and seal into very tender. Then put in self-sealers.—Woman's World for September.

**ESSENTIALS IN BREAD MAKING.**  
Liquid must be lukewarm when added to the yeast cake. Bread must be thoroughly kneaded. The dough should double in size before cut down or kneaded again. Best flavor of bread is produced by long, slow rising. The temperature of the room at about sixty or sixty-five degrees produces such bread. Quicker bread is made by the addition of more yeast and a higher temperature for rising. Too high a temperature kills the yeast plants and sours the bread. Medium-sized loaves should bake one hour in a moderate oven. This length of time is necessary to bake the bread to the center and produce a thick nutty crust. The temperature of the oven should be kept low enough to permit the bread to remain in the oven for this length of time without becoming too brown or burnt spots.—Woman's World for September.

**RED PEPPER CATSUP.**  
Twelve red peppers (I am sure this is the sweet pepper ripe), 1 quart of vinegar, 2 tablespoons of grated horseradish, 4 slices onion, 1-2 peck apples. Do it ten minutes, then strain. Add 1 teaspoon of brown sugar, 1 ounce celery seed, 1 ounce mace and 1 pint of cider vinegar. Boil one hour and bottle. Remove the seeds from peppers and grind peppers and onions in the meat grinder. The seeds are very hot.

## Increasing Your Efficiency

If you want to make yourself more efficient at your desk—to get in line for a raise—don't spend your leisure hours fighting the heat, but invest in a heat fighter. Put an electric fan on the living-room table or mantel and it will surround you with a refreshing breeze that fences you off entirely from the heat. That means the kind of rest that makes you fit for work the next day. If the night is too hot to sleep, take the fan to your bedroom. Two or three cents' worth of electric current will keep an eight-inch fan going all evening and all night. Buy an electric fan and it will last long enough to make the cost per day of owning the fan less than the cost of current to run it.

**San Joaquin Light & Power Co.**  
M. E. NEWLIN, District Agent.

Dear Madam:

Today is milk ordering time.

Just ring up the Jersey Farm Dairy, 246, and ask us to start delivering. You will get satisfaction from the very start.

As housekeeping opens then the ordering starts. There should be no question as to where to buy the milk.

We have proved to hundreds of families that our milk is the purest and best. Every sanitary precaution is taken in its delivery.

We want YOU to start with us NOW.

## AMERICAN GUNMEN WIN MATCH AT CAMP PERRY

Argentine Team Stands Second and Canadian Third

Strong North Wind Interferes With Making Unusual Scores

CAMP PERRY, Ohio, Sept. 8.—The United States team won the Palma match today. Its score was 1714. The team from the Argentine republic was second with a score of 1484. Sweden made 1484 and Peru 1465. The shooting was on the 300, 500 and 1000-yard ranges. The scores are considered high as a strong north wind blew in the faces of the marksmen. The winning score was 1714, the lowest that made by the United States team last year, when it captured the prize in Canada.

The individual score of the United States team follows:

Names	300 Yds.	500 Yds.	1000 Yds.	Totals
Capt. Guy Emerson, Ohio	75	72	68	215
Col. C. B. Winder, Ohio	75	72	68	215
Capt. C. G. Duff, Texas	73	75	64	212
Capt. E. K. Casey, Pennsylvania	73	73	72	218
Lieut. L. W. Waller, Marine Corps	73	72	64	209
George Chesley, Connecticut	74	70	68	212
Lieut. Robert Sears, U. S. Infantry	73	74	71	218
Major F. A. Wolf, U. S. Infantry	73	73	68	214
Totals	588	581	545	1714

Other international matches were finished today but the scores have not been tabulated. Among the final matches are international team match with revolver, international team match with rifle, international team match with Pan-American expert rifle, international team match with Pan-American expert match of the Pan-American shooting union. These matches continued throughout the last week with re-entries and were not finished until 6 o'clock this evening.

Capt. M. C. Munroe of the United States shooters and the individual members of the team received many congratulations on their victory.

The Canadian shooters used a new ammunition with a special long revolver match today won by the United States team by a score of 2314. France was second with 2234; Sweden, third, 2228; Switzerland, 2097, and Peru 1177.

The individual scores of the United States team were:

Names	Score
A. P. Lane, New York	485
P. Hanford, New York	484
J. A. Deltz, New York	461
J. R. Snook, Columbus	459
Lieut. Wilhelm Carlsberger, Germany	458

The winning team of the international revolver team match gets a cash prize of \$500 and a gold medal for each member.

The winners' cup match, Adam Mendez, Argentina, was the winner with a score of 252. C. Tealdi of Argentina was second.

In the individual match, army rifle, international union, Maurice Persson of Sweden won by a score of 485. The team of Argentina republic was second with 481; Humberto Petit, Argentina republic, third, with 476 and Fernand Blomman, Sweden, fourth with 413.

## TENNIS CHAMPIONS QUALIFY FOR FINALS

Singles Tournament Will Be Completed At Claremont Today

OAKLAND, Sept. 8.—William M. Johnston, Pacific coast champion and holder of the state title, and R. L. Murray, the Stanford University star, won their way today into the final round of the California tennis singles tournament, which will be completed on the courts of the Claremont Country Club tomorrow.

In the women's singles, the championship title will be contested by Miss Anita Meyers and Mrs. W. J. Nicholas, both of San Francisco.

William Johnston and Ella Pettrell reached the final round of the doubles in which they will compete tomorrow against the winner of the Clarence J. Griffith-John R. Strahan vs. C. P. Murdoch-C. D. Bates semi-final match.

In the most interesting match of the tournament John Pettrell eliminated Willis R. Davis in the singles today. At no time did either player obtain a lead of more than two games, and the final score was 6-1, 6-4, 11-12.

This match proved the undoing of Pettrell, however, for he was called upon immediately to meet Champion Johnston in the second round. Johnston, who was exhausted, he defaulted at the end of the first set, which Johnston won 6-2.

In the other semi-final match of the singles, Murray defeated Byron H. Baskin, 6-2, 7-6.

Johnston and Pettrell arrived in the final of the doubles by defeating L. Strauss and Guy Lytton, 6-2, 6-4.

## SONDER YACHT RACE IS STILL UNDECIDED

MARBLEHEAD, Mass., Sept. 8.—The fifth Sonder race in the German-American series (from which the Germans have been eliminated, failed today to settle the award of the principal trophies, for the Clima, owned by Guy Lowell of Boston captured another trophy defeating the Clima and the Clima, owned by C. C. Curtis in the struggle for the President Wilson cup. The two yachts with two win each will sail the sixth and last race tomorrow, and the loser will receive the second prize, the Governor Foss trophy.

## McGOORTY AND KLAUS TO MEET SEPTEMBER 22

MILWAUKEE, Sept. 8.—Eddie McGorty of Oshkosh and Frank Klaus of Pittsburg will meet in a ten-round, no-decision boxing bout here on September 22. The weight agreed upon is 140 pounds at 3 o'clock.

## PORTLAND RETAINS PLACE AT THE TOP

Klawitter Of Sacramento Has Won 14 Out of 21 Games

SAN FRANCISCO, Sept. 8.—San Francisco's slump to fifth place and the advance of Los Angeles to fourth are the only changes in the lineup of clubs of the Coast league as the result of the games up to date. Portland has strengthened its hold on first place by winning six straight games.

Portland is also at the top of the list for club batting with a percentage of .375. Sacramento is second, .355, and San Francisco is third, .344. Portland and San Francisco are tied in club batting.

Club	W.	L.	Pct.
Portland	14	7	.667
Sacramento	13	8	.619
San Francisco	13	8	.619
Los Angeles	12	9	.571
Oakland	11	10	.524
San Jose	10	11	.476
Pittsburg	9	12	.429
Stockton	8	13	.381
Fresno	7	14	.333
Visalia	6	15	.286
San Jose	5	16	.238

fielding at .562, Sacramento following with .560.

Ty Lohr, still in leading batman of the league with a percentage of .323, though he slumped within the last week. Fisher, his team mate, is second with .318, and Dwayne, also of Portland, is third, .317.

In the pitching division, Klawitter, Sacramento, has won 14 of 21 games and has the percentage of .667. Paulding, San Francisco, comes next with .647, and Higginbotham, Portland, third with .625.

## CAN M'ALLISTER SHOW A PUNCH?

Return Bout With Petroskey Tonight Arouses Much Pugilistic Argument

SAN FRANCISCO, Sept. 8.—Interest tomorrow in the 2-round return bout between Bob McAllister of the Olympic Club and Suitor Petroskey, a rough-and-tumble middleweight, boils down to one question: Has McAllister got the stuff to show a punch?

A month ago the men fought, twenty rounds to a draw—thirteen long distance fight McAllister had ever traveled—and the referee's decision is still the subject of argument. The weight of the odds, however, is against the official. Ten to 1 on McAllister was quoted on the last fight and 10 to 6 are the odds tonight. The same referee will rule.

The puzzling thing about McAllister is that as an amateur he was rated a knacker-out. As a professional he has punched his speed and cleverness and proved his courage under punishment, but his punch seems to have deserted him. After his last fight it was generally agreed that, unless he shows more punishing power, he has nothing to recommend him for serious consideration. Give him the punch and he would be the most dangerous middleweight in sight.

## HE WILL RETIRE, SAYS WOLGAST

PORTLAND, Ore., Sept. 8.—Ad Wolgast, former lightweight champion, today announced his final retirement from the ring. "I have just completed the purchase of a ranch near Medford," he declared, "and shall settle there permanently after a brief trip to my old home at Cadillac, Mich. I positively will not fight again."

Wolgast attributes his recent defeats to the effects of an operation for appendicitis.

## AMERICAN ASSOCIATION

Minneapolis, 2; Toledo, 1.  
St. Paul, 2; Columbus, 6.  
Minneapolis, 4; Indianapolis, 1-8.  
Kansas City, 3; Louisville, 1.

## NO LAWYER FOUND YET FOR CHARLTON

COMO, Italy, Sept. 8.—Porter Charlton, the American who soon is to stand trial for the murder of his wife, has not succeeded in securing the services of counsel to conduct his case. His family, however, when in the United States recently, was urged by Charlton's friends to undertake his defense. Camera has not yet accepted the task, but in the meantime, not willing to leave Charlton without assistance, he has the judge at Como to allow him to confer with the prisoner. The trial is expected to be postponed until the preliminary investigations had been concluded.

## Mack Looks to Young Twirlers to Help Him Cop 1913 Championship

Left to right: Houck, Shawkey and Bush.

PHILADELPHIA, Sept. 8.—"I have some youngsters who will give the Giants a tussle," remarked Connie Mack the other day when discussing pennant possibilities. "and they are going to be featured in this series." The youngsters who will be most likely to get into the world's series is Houck, Mack, Bush and Brown.

The remark of the Athletics' leader was significant, because it is very rare indeed that pitchers so young and inexperienced as these get into the big scrap. But the truth is that Connie Mack hasn't built in the way of veterans to put in the box. "I am going to have in this world's series two old timers in Plank and Bender," he remarked during the course of the same interview. "These veterans look part in the first battle that I had with McGraw, also the second, and they are going to be featured in this series."

He has a pitcher's record of 733—second only to that of Walter Johnson in the American league. Bender's record to date is 720, Plank's 610, Brown's 567 and Bush's 632.

It is not in the box that Connie Mack has the most strength this year. In that department of the game it is quite agreed that the Athletics are outclassed by the Giants. However, the

Mack's offensive strength may hide any pitching defects.

"Neither Danny Murphy nor Harry Davis will get into the coming series," said Mack, "but they will be on hand with timely advice. My club fought the Giants in a disabled condition in the first battle of the 1911 series. They were right in 1911, and although it is doubtful whether Coombs can come back, I will have a well conditioned team on the field this year. McGraw's club looks so much better than it did in 1911 that if I was a betting man I should say it was an even wager between these two clubs."

## BASEBALL RESULTS

**Standing of the Leagues**

SAN FRANCISCO, Sept. 8.—The standing of the clubs of the Pacific Coast league at the conclusion of the games today are:

Club	W.	L.	Pct.
Portland	14	7	.667
Venice	13	8	.619
Sacramento	13	8	.619
Los Angeles	12	9	.571
Oakland	11	10	.524
San Jose	10	11	.476
Pittsburg	9	12	.429
Stockton	8	13	.381
Fresno	7	14	.333
Visalia	6	15	.286
San Jose	5	16	.238

**National League**

CHICAGO, 5; ST. LOUIS, 3.

CHICAGO, Sept. 8.—Chicago made it three straight from St. Louis by winning 5 to 3 today after a pitchers' battle between Perritt and Jim Vaughn, the former Kansas City star, who made his Chicago debut as a National leaguer. Perritt weakened in the seventh. Score:

Team	R	H	E
St. Louis	2	8	9
Chicago	5	7	9

Batteries—Perritt and Wingo; Vaughn and Archer.

**NEW YORK, 8; BROOKLYN, 1**

NEW YORK, Sept. 8.—New York won three out of five from Brooklyn by taking the last game of the series by a 8 to 1.

Marquardt shut out the visitors until the ninth when they bunched three hits for a run. Score:

Team	R	H	E
Brooklyn	1	9	3
New York	8	13	0

Batteries—Bryan and McCarthy; Hoelinger; Marquardt and McGraw, McLean.

**PITTSBURG BREAK EVEN**

CINCINNATI, Sept. 8.—Pittsburg and Cincinnati broke even in a double header today, the former winning the first game 15 to 2 and the latter the second, a six inning affair 2 to 1.

In the second contest Pittsburg could not connect with Suggs, when hits meant runs. Score:

Team	R	H	E
Pittsburg	2	15	2
Cincinnati	2	13	0

Batteries—Adams and Blinn; Ames, Packard, Harrington and Clarke, Blackburn.

**PHILLIES TAKE TWO**

BOSTON, Sept. 8.—Philadelphia moved forward today in the race for the National League pennant, winning both games of a double header from Boston, the first a shut-out, 12 to 0, and the second, 6 to 2. The winning team made thirty hits for a total of 42 bases. Becker made a home run and four singles in six times at bat. Score, first game:

Team	R	H	E
Philadelphia	12	13	0
Boston	0	3	6

Batteries—Senton and Kibber; Quinn, James and Whaling.

Score, second game:

Team	R	H	E
Philadelphia	6	13	0
Boston	2	6	2

Batteries—Alexander and Dooin; Tyler and Whaling.

**American League**

WASHINGTON, Sept. 8.—Caldwell was nearly unhit today and the New Yorks shut out Washington, 4 to 0 in their last appearance here of the season. The tall pitcher allowed but three singles. Only one Washington player reached third base.

Engel, who started for Washington,

## HERZOG, HERO OF 1912, NOW LAID ON THE BENCH

Buck Herzog

NEW YORK, Sept. 8.—One of the most interesting developments in the baseball season of 1913 is the collapse of "Buck" Herzog of the Giants, a hero of 1912.

Last year Herzog tied with Christy Mathewson in sharing the honors as the best pitcher in the National League. He was named in the world's series games. His work was liked in every corner, his hitting, fielding and general display of ginger and pep making him a marked man.

Now he is on the bench. The Giants can't use him, and there is talk of his being shipped to the St. Louis Cardinals. Shaffer has supplanted Buck and is putting up a grand game.

Herzog is only twenty-eight years old. A native of Baltimore, he began playing amateur ball in that city when he was a mere youth. In 1907 he played with York and Reading. Before the end of that season he was spotted by a Giant scout and drafted to New York in 1908. He remained with the Giants until 1910, when he was traded to Boston. In 1911 McGraw got him back again, and he proved a great help to the Giants in winning the pennant in that year.

was hit hard in the fourth and retired in favor of Gallia. Love, a recruit from Atlanta, Ga., pitched the last inning for Washington, holding New York scoreless. Score:

Team	R	H	E
New York	0	4	1
Washington	0	3	1

Batteries—Caldwell and Swenson; Engel, Gallia, Love and Henry.

**Northwestern League**

All postponed; rain.

## BASEBALL NOTES

Heinie Peltz, who has been acting as coach for the St. Louis National league baseball team this season, has been appointed manager of the Kansas City club of the American Association, according to an announcement made in Chicago yesterday. He will leave for Kansas City tonight to enter on his new duties.

Joe Wood, the leading pitcher of the Boston Red Sox, got into the game yesterday for the first time since he was injured two months ago, and the American leaguers defeated a picked team from the Manufacturers League in an exhibition game 2 to 1. Wood pitched three innings and allowed but one single. Leonard replaced him and allowed seven hits.

## YOUTHS CONFESS FAKING METEOR

Used Dynamite and Copper Slag to Make Impression Of Falling Star

TIVERTON, R. I., Sept. 8.—The Tiverton meteor of August 21, was removed today from the realm of natural phenomena by two young men who confessed to the police that the supposed celestial visitor was composed of sixty pounds of dynamite and quantity of copper slag.

The meteor, which was reported to have fallen in the Seacoast river was accompanied by a blinding light and a deafening crash. Two fishermen later found in their nets a heavy piece of metal, which was declared to be the fallen meteor. The fishermen put their find on exhibition and did a profitable business until a Brown University geologist pronounced the meteor to be nothing but copper slag, which was to be found in quantities near a local manufacturing plant.

The police closed the exhibition and began an investigation which resulted in the confession of two young men that with some companions they had taken the dynamite and exploded it behind Gouth Island in order to cause a sensation in the town.

## PROPOSE TO RECALL SAN DIEGO OFFICIALS

Dispute Over Municipal Wharf Supervision Starts Trouble

SAN DIEGO, Sept. 8.—Petitions for the recall of Mayor Charles F. O'Neil and Councilman H. N. Manney were placed in circulation today.

The ground for recall as alleged in the petitions is the course of the mayor and councilman in a dispute that has arisen in relation to harbor improvements.

Last year the people voted \$1,000,000 in bonds for the construction of a municipal wharf. Former City Engineer Edwin M. Capps was placed in charge of the work. When Manney, who is a retired rear admiral, was elected to the council last spring, he was given general supervision of the wharf project. He objected to Capps' methods. A hot dispute has been in progress for weeks, the mayor siding with Manney. This afternoon the council by a vote of 3 to 2 rejected Mayor O'Neil's recommendation to withdraw the engineering. Shortly afterward the recall petitions appeared on the streets.

## FLYNN AGREES TO MEET CARL MORRIS

CHICAGO, Sept. 8.—Jim Flynn the heavy weight pugilist of Pueblo, Colo., today agreed to meet Carl Morris, who has been training here for three weeks.

## PORTLAND GETS SIX IN A ROW

Oakland Pitcher Is Knocked Out of Box In Sixth, Conceding Five Runs

OAKLAND, Sept. 8.—Portland won again from Oakland today, 5 to 2. This is the sixth straight victory for the Athletics. Pruitt, the Oakland pitcher, was knocked out of the box in the sixth inning after he had allowed six hits that yielded five runs. Lohman followed him and held the Portland batsmen hitless for the rest of the game. James pitched for Portland and allowed six hits. Scores:

## PACIFIC COAST BANKS SHOW BIG CASH GAIN

Loans and Deposits Decrease, However; Cash Gain Is \$1,869,333

WASHINGTON, Sept. 8.—Preparations for the movement of crops were reflected in a detailed summary, made public today, of the conditions of national banks on August 9, as compared with June 1. Loans increased \$25,527,000, while individual deposits decreased \$192,123,000 and cash decreased \$14,836,000. The government had not begun the deposit of crop moving funds when this call for condition was issued.

The reserve of the 7488 national banks on August 9 amounted to \$1,470,487,000, an average of 20.72 per cent. \$55,834,000 above the legal requirements.

Following shows the conditions of loans, cash and deposits on August 9, as compared with June 1 in Middle Western, Western and Pacific coast divisions.

**Middle Western states:** Chicago gain in loans, \$4,840,849; decrease in cash, \$5,121,865 and deposits \$6,155,216.

**St. Louis, gains in loans, \$2,777,121, and decreases in cash \$1,176,347, and deposits \$816,155. Other reserve city banks decrease in loans, \$4,897,531; cash, \$69,148; deposits, \$3,956,452. All banks in this section, gains in loans \$3,853,209, decreases in cash, \$10,340,003 and deposits, \$6,144,221.**

**Western states:** Reserve city banks, gain in loans, \$478,132; in cash \$41,080; decrease in deposits, \$3,835,039. All banks in this section, gains in loans \$1,241,886; cash \$157,255; decrease in deposits, \$1,683,376.

**Pacific coast states:** Reserve city banks, gains in cash, \$1,869,333; decreases in loans, \$9,156,258, and deposits, \$8,867,936. All banks in this section decreases in loans \$10,234,359; in deposits, \$14,403,853, and gain in cash, \$1,146,945.

## DIRECTUM I EQUALS WORLD RECORD IN PACING EVENT

George Rex Wins Kanoono Stake In Races At Syracuse

Several Drivers Register Protest Because Track Is Sprinkled

SYRACUSE, Sept. 8.—Directum I, capably driven by Ryan, equaled a world's record at the opening of the grand circuit races at the state fair grounds this afternoon when he stepped the fourth heat of the Glynn stake 2:05 pace in 2:02 1-4, tying the mark of Evelyn W. This time also equaled the season's record for the fastest hot blooded horse ever, held by Brauden Direct and Earl, Jr.

The big chestnut finished sixth in the first heat, which was won by Jones Gentry and in the second heat Walter Cochran challenged the son of Directum Kelly and the pair came down the stretch so close together that the result of the heat was in doubt until it was announced by the judges. In the fourth heat Walter Cochran again held close to Directum I until the stretched, then faltered and finally gave up.

The Kanoono stake, trotters, 2:24 class, was won by George Rex after he lost the first heat to Tuna. But three horses faced the starter in this event.

The 2:16 trot proved easy for Dr. Thorn, Show driving the gelding to victory in three straight heats.

The 2:14 class went to Zanzibar in straight heats.

Several drivers registered a protest with the judges after the first heat of the 2:16 trot, following the wetting of the track by a sprinkler.

**SUMMARY**

## FUSION CANDIDATES MAY TAKE NOMINATIONS

Committee Refuses to Dictate What Support They Shall Get

NEW YORK, Sept. 8.—The names of Fusion candidates for city and county offices may also appear on the primary ballot of other parties by virtue of a resolution adopted tonight by the Fusion executive committee. This resolution was adopted as a result of a letter from John J. Hopper, chairman of the Independence League on vacancies, asking the Fusionists' attitude toward John Purroy Mitchell going back to the Independence League ticket for mayor.

"We never have under taken to direct candidates in the matter of endorsements and do not wish to do so now," says the resolution. "The committee looks upon Mr. Mitchell as perfectly free to take the Independence League designation if he thinks best."

When the Independence League designated Mitchell for mayor, he declined because the league refused to support George McManney for president of the board of aldermen, and William Prendergast for comptroller. It is understood that Mitchell now is willing to head the Independence League ticket and that Prendergast and McManney will accept the endorsement of the forces behind the candidacy of Mayor Gaynor for re-election.

# GREAT OPPORTUNITY FOR CIVIC WORK SAYS STEBBINS

President of Realty Exchange Very Much In Favor of Committee

Members Should Be People Who Can Accomplish Results, He Asserts

That there is almost unlimited opportunity for a civic committee to accomplish results for a city beautiful, was the opinion expressed yesterday by J. A. Stebbins, president of the Fresno Realty Exchange.

"I think it is a splendid idea," he said, "to have such a committee to work for improvements in the city and it is one thing that we have needed badly for some time."

Inasmuch as such an organization would work for the general beautification of the city, Stebbins believed that it should have a sort of semi-official capacity, should also furnish unity of action in advancing ideas, that is now lacking because of the absence of organization.

He suggested a number of ways by which such a committee might be of great value to the city, pointing out that it could start immediately on improvements that now take a long time to get under way because of the fact that they are started by individuals.

As an illustration of what a committee might assist in doing, without the expenditure of any money, he showed how it could recommend and get the city to prescribe uniform tree planting along the streets of the city. In this connection he said that along Van Ness Avenue now, there are practically no trees and an active commission could get uniform planting. If it went about the matter in the right way, as affairs stand now, anybody can plant any kind of tree he wishes and no one even offers suggestion regarding uniform planting.

"Care should be used in picking those who are to work on this city beautiful," declared Stebbins. "The person who can think of but one thing at a time but who works that idea out to a successful conclusion, is of far more value to such a committee than a person who has many suggestions but who never accomplishes anything. What we want is a committee that will accomplish something and not a committee that starts a hundred and one things and never finishes any of them."

In making arrangements for the organization of such a committee, Stebbins suggested that a mass meeting be called to give everyone an opportunity to assist in the work, for the work is to be on behalf of the city at large.

# AUTO ENTHUSIASTS PASS IN SPECIAL

A special train from San Francisco to Fresno last night shortly after 9 o'clock and picked up a special car at the Santa Fe depot. The train was crowded with auto enthusiasts and many freshmen boarded the special train here.

# Don't Let the Children Strain Their Eyes

School is soon to begin and the children will be compelled to do a great deal of studying at night by artificial light.

Be sure that they are not straining their eyes, because a small strain may grow into a serious one if neglected.

We give children the most careful examination.

# W. E. TAYLOR IN COURT ON FORGERY CHARGE

Attorneys for Banks Are In Court; Civil Suit Is Probable

W. E. Taylor, a farmer of the Hanford district, charged with forging checks from \$25 to \$500, thereby having himself liable to being prosecuted for forgery, was arraigned before City Justice Graham yesterday. His bond was fixed at \$2,000. Taylor was not able to furnish bail and was remanded to jail.

While Taylor was being arraigned there was a notable array of counsel in the court room representing the various banks involved in the transaction. The defendant was represented by Attorney Bonnell, Judge Harris, Attorney Cory and Attorney Jacobs were in court, but took no part in the proceedings.

Whether or not Taylor will be prosecuted is problematical. There is talk of a civil suit among the various banks to recover the \$2500.

# GREEN FRUIT PRICES ADVANCING IN EAST

Heavy Shipments Are Being Made; Lodi Growers Sell f. o. b.

Green fruit prices throughout the East are showing some advance, according to advices received here in the past two or three days. The Malaga grapes, now being shipped are of much better quality than those shipped earlier in the season and the trade is no longer afraid of receiving unripe fruit. As a result, the demand has become heavier and prices have taken an upward jump.

Practically every green fruit packing house in this district is busy sending out Malaga grapes and it is probable that the heavy shipments will continue for some time.

Tokay shipments out of the Lodi district are just beginning to be an important factor on the eastern markets but the Malaga shippers do not anticipate any depreciation in returns, because of the competition between the Malagas and Tokays.

Some Elberta peaches have been shipped from Fresno and vicinity recently but the word from the East is that the fruit is not of good quality. It is claimed that there is a demand for Elbertas of good quality.

Grape shippers of the Lodi district are not dealing very much with auction companies here, f. o. b. shipments being generally favored. It is claimed that the eastern auction companies have hesitated the Lodi shippers to consign their grapes but that the growers are almost all refusing to consign and are shipping f. o. b.

# MRS. THOMAS BOYD IS NOW VERY LOW

Physicians Hold Out No Hope for Recovery Of Pastor's Wife

Sinking steadily since an operation in Santa Clara last Friday, Mrs. Thomas Boyd grew rapidly weaker yesterday and at a late hour last evening physicians in attendance held out no hope of recovery.

At the bedside of the dying woman is her husband, Dr. Thomas Boyd, pastor of the First Presbyterian church of this city, her daughter, Miss Julia Boyd, who has been teaching school in Grass Valley, and Mrs. Helen Camp of Los Angeles. Mr. and Mrs. A. L. Munger of Fresno are also in Santa Clara, called there by the illness of their friend.

The illness of Mrs. Boyd dates back for some time, but it is only within the last week that it took a serious turn, calling her husband to her side. Eminent San Francisco surgeons were called into consultation and her condition was found most grave. An operation became imperative as a last resort, but though it was performed, it is now believed to have been too late to save Mrs. Boyd's life.

Mrs. Boyd's twelve years residence in this city have been marked by the countless acts of kindness which endeared her to hundreds of friends. All yesterday her daughters were almost ceaselessly ringing in the homes of Fresno, in touch with Santa Clara through bulletins, with the inquiries of anxious people. She has been in the local church work at the First Presbyterian and has always been at the right hand of Dr. Boyd in his ministry.

# UNITED BRETHREN MAY PUT UP CHURCH HERE

State Superintendent, Rev. H. H. Haller of Oakland To Look Over Ground

With the arrival of Rev. H. H. Haller of Oakland, state superintendent of the United Brethren, within the next few days, it is expected that steps will be taken to establish a church of the United Brethren in this city.

Though no announcement has been made officially it is known that such a plan is under contemplation at the present time and the coming of Mr. Haller may mark definite action. The nearest United Brethren pastor to this city, who is very much interested in the proposed plan, is Rev. L. R. Harter of Selma.

# NATIVES CELEBRATE ADMISSION DAY AT PARK

Races, Games and Band Concert On Program At Recreation Today

Many Coming From Towns Of Valley; Youngsters To Be Out In Force

Though banks and stores will observe the holiday today, to the Native Sons and Daughters does Admission Day most appropriately belong and the feature of the local celebration is the program arranged by them at Recreation Park this afternoon. Declining the urgent invitation of Oakland to participate in the huge festival which commemorates the advent of California into the union, Fresno natives have settled their attentions on the local observance to which over a thousand are expected to flock from valley towns, taking advantage of special railroad rates.

Though the program does not begin until this afternoon, many are expected to leave for Recreation Park this morning, taking their lunches and preparing to spend the day. At 1:30 the program will open with a song by Miss Myrtle Witham, accompanied by Miss Gladys Noonan. Mayor Alva E. Snow will next deliver the address of welcome which will be responded to by Grand Trustee William F. Turner of the Native Sons. The program of races will follow.

The interesting race program is to be given on the ball grounds in front of the grandstands and bleachers, to which the general public will be admitted free. All the concessions of the park will be in charge of the Natives. To the youngsters under 14 the merry-go-round will be free.

Particularly in the day a children's day, as the young natives will be encouraged to participate in the many races and to make the day their own, though the older Natives will be there in large delegations.

A feature of the afternoon performance will be the concert by "Tilton's" band, which will play from 2 until 5 o'clock. This concert is substituted for the one which was to have been given in the court house park last Sunday. An excellent program has been arranged by Bandmaster "Tilton," and many to whom the sports do not appeal will take advantage of the musical offering.

In the evening the regular Tuesday night dance of the Native Sons and Daughters will be held at Zapp's Park. The revised list of races with the program follows:

**RACE PROGRAM**  
30-yard dash, 50 pounds: First, playground ball; second, baseball cap.  
20-yard dash, 70 pounds: First, sweater; second, mitt.  
40-yard dash, 70-90 pounds: First, bathing suit; second, baseball.  
60-yard dash, 85-100 pounds: First, rod and reel; second, baseball bat.  
70-yard dash, 100-120 pounds: First, racquet; second, mitt.  
100-yard dash, free for all: on prize, hat order.  
200-yard pushmobile race, free for all: First, two pair shoes; second, two fountain pens; third, two neckties.  
30-yard egg race, 50 pounds: First, box handkerchiefs; second, pair gloves.  
30-yard egg race, 50 pounds and over: First, box mallets; second, bottle perfume.  
50-yard fat man's race, 250-300 pounds: First, box cigars.  
80-yard thin man's race, under 125 pounds: First, pipe.  
40-yard three-legged race: First, two baseball masks; second, two baseballs.  
40-yard sack race: Football.  
Pole vault: First, hat; second, necktie.  
Standing broad jump, free for all: First, pair of shoes; second, box socks.  
Running broad jump, free for all: First, pair cuff buttons; second, scarf pin.  
Steeple race, one-half mile, 12 to 15 years: First, pocket knife; second, scarf holder.  
Skiing race, one mile, free for all: First, pair of skates; second, box candy; third, necktie.  
25-shot target competition, 25-foot range: First, turkey; second, turkey; third, turkey.

The program of the band concert, which will be given at Recreation Park between 3 and 5 o'clock, is as follows:

Overture, "Stradella".....Flotow  
Interlude, "Forget Me Not".....Flotow  
"Blue Danube".....Strauss  
"California for Mine".....Armstrong  
Judges for the races will be chosen on the grounds but the general committee of Native Sons and Daughters in charge are the following:

Native Sons—W. E. Toomey, A. S. Tong, F. M. Lane, S. W. Harkness, Ed. Vetter, J. P. Carter, J. C. Bradley, B. Plehring, R. S. Clark, L. S. Bradley, B. Johnson, Edward E. Barker, S. Brander, G. R. Hill, E. F. Pratt, L. M. Deschamps, L. T. Gurett, R. E. McCabe, J. W. Tilton, J. Ambrose, Russell Miller, Phil Wolfe, T. E. Hill, Ray W. Baker and Milton Hart.

Native Daughters—Mrs. S. C. Walton, Mrs. J. S. Brander and Miss Eva Bailey.

# GUILTY OF GIVING LIQUOR TO INDIANS

Ninety Day Sentence Meted Out To Jose Mandanado Who Violated Law

Found guilty of providing liquor for Indians, who is a violation of both state and federal laws, Jose Mandanado was yesterday sentenced to pay a fine of \$30 or serve 90 days in the county jail. Mandanado began to serve the jail term yesterday.

Witnesses testified that they saw the accused man hand over a bottle of liquor to one of the Indians, a defendant, an Indian, testified that he gave Mandanado 50 cents with which to purchase a bottle of wine. The Indians to whom Mandanado was accused of giving the liquor live in the mountains and came to Fresno to see the circus.

# TRAFFIC DIRECTORS HOLD SHORT MEETING

A short meeting of the Fresno Traffic Association was held last night at the Chamber of Commerce and the reports from Manager Hill and the chairman of other committees were received.

# NORMAL EXTENSION TO BE DONE SATURDAY

Grading of New Railroad To Biola Nearly Completed

The Wilson Avenue extension of the Fresno Traction Company is the normal school will be in operation by Saturday night, according to the announcement of E. W. Webster, general manager, yesterday. A large crew of men is at work and the line is being rushed with all possible speed in order to have the cars moving over it.

While this road is on the route to the San Joaquin river, Webster said yesterday that the real construction of the river road will not be started for some time, he is uncertain as to just when the construction will start but says that it might start at any time at the near future.

The grading of the line the Traction company is building to the townsite of Biola is nearly all finished now and within the next ten days or two weeks it is expected that the laying of track will start. The company expects to have the line in operation shortly after the first of October.

# DRIED FRUIT TRADE NOW BECOMING ACTIVE

Outside Packers Find That Outside Growers Are To Sell to Associated

The dried fruit situation shows little change in the past few days, although the activity of the Associated Raisin Company has done a great deal toward breaking down the opposition that arose in some of the eastern markets, principally New York, and the trade, realizing that it must buy and that the Associated packers are practically the only packers who have anything to sell, is beginning to send in orders quite freely.

It became known a few days ago that while there are a number of growers who have not yet contracted their raisins with the Associated, these growers intend to sell to the Associated. This became known when several outside packers, scurrying around the country for raisins, tried to buy some of these crops. They were informed that the raisins were going to the Associated.

Where the outside packers have found unsold crops of new raisins, they are offering 4 cents, but no sales are being made. Practically all the raisins being secured by these outside firms are being secured by the Associated packers, one or two of the packers affiliated with the Associated, have written to their brokers within the past few days advising them to fill their orders now as the crop is very short and there is no likelihood of any decrease in price this year.

Some of the packers are again showing activity in peaches and it is said that the general figure is 4 1-2 cents. It is believed that there will be considerable activity in peaches within a very short time, notwithstanding the fact that quotations in the East have been cut with the local cut from 5 to 4 1-2 cents.

# LEAVE TO PLACE EXHIBIT AT FAIR

Robertson Will Ship Last of Fruit to Sacramento Fair Today

Mr. and Mrs. T. K. Spaulding leave this morning for Sacramento to install the Fresno county exhibit and will be followed later by Secretary Robertson of the Fresno County Chamber of Commerce. Robertson will likely spend the greater part of the day in this city shipping the remainder of the equipment to Sacramento. Spaulding and his wife have been in this city engaged in securing an exhibit for the exposition in 1915 and are experienced in placing exhibits. Because of the fact that Robertson has given up hopes of the exhibit and was then given money by the supervisors many specimens of fruit he intended to use cannot be obtained at this time.

# HILL RETURNS FROM RATE CASE HEARINGS

Decision In Important Cases Are Held Up, Would Effect Fresno

After spending a week in San Francisco where he heard the arguments in the rate hearings, Manager E. M. Hill, manager of the Fresno Traffic Association, returned to Fresno late Sunday night when it was announced that decisions in the cases would be held up for some time. The most important hearing was that of the Kamens "California rate" hearing. California railroads asked that the rate be increased so the two states could compete on a more even footing. This was fought by the Kamens who threatened to raise the wheat rates if the four rates were increased. San Francisco jobbers asked for a reduction in the rates to equal that of coal and wood stores. The auto tonnage rate was in which auto dealers asked for the reduction of the weight of the crating was heard. Hill was present to ask that the rate be placed in Fresno if the changes took place.

--The same kind in brass or copper 85c.

--If you wish any further information on these, call up 3700 and OUR MAN WILL CALL ON YOU.

--We are closed all day today, but will be open for business Wednesday at the usual hour.

# PREFERRED STOCK TO BE ISSUED BY GRANGER ROAD

Old Stock Will Be Turned In For New, According To Present Plan

Directors Take One of First Legal Steps; Meeting of Stockholders Soon

Directors of the Fresno-Hanford and Summit Lake Railway Company held a meeting in the offices yesterday afternoon in the Biola building and decided to call a meeting of the stockholders in order to issue preferred stock. The amount for which the preferred stock will be issued has not been made public, but it is understood that it will be sufficient to finance the preliminary work of the road.

The matter of advertising for the stockholders' meeting to secure permission to issue preferred stock is a matter of the company and as all of the stock was represented by the owners or proxies at the meeting yesterday, but the sixty days' advertising is required by law.

The preferred stock is to be issued in order to clear up the outstanding business of the company and to change the mortgage of 5 per cent, 50-year, to one of 6 per cent, 10-years. The issuing of the preferred stock is one of the many legal steps that will have to be taken before actual construction work can be started on the first unit of the Granger road to Selma.

General topics pertaining to the feasibility of the road were taken up at the meeting yesterday afternoon. The directors present were W. D. Mitchell, Wylie M. Hicken, A. B. Clark, W. J. Kitzell, F. J. Haber and F. S. Granger.

# KING RIVER YIELDS BODY OF DROWNED BOY

Remains of George Gaylord Are Sent To His Home In Pasadena

The body of George H. Gaylord, who was drowned on September 3 while fording the Kings river 49 miles from Sanger arrived in Fresno yesterday and was shipped to his home in Pasadena last night by Will Horsey, Gaylord's companion who witnessed the drowning and a brother of the deceased accompanied the remains here. The body was found on Sunday three miles from where Gaylord was seized by the powerful current of the river and sent to his doom. Four days' search was made before the body was recovered.

S. H. Thompson of this city, who attended the Pasadena high school with the dead boy, left in an automobile here on Thursday last. A coffin was flagged down the street of the Horsey Lumber company. Thompson is with Horsey directed the search for the drowned boy and were later joined by Gaylord's brother who left Pasadena as soon as he was informed of the news of his brother's death.

Will Horsey, claim of the dead boy testified at the inquest that Gaylord was fording the river with a 3 by 6 plank under his chest as ballast. Suddenly Horsey, who was some distance from Gaylord, noticed the latter was in distress but was unable to go to his aid. Battling against the swift current, Gaylord was rapidly carried down the river and was soon out of sight. Horsey after getting across went for help and sent a telegram to the mother in Pasadena.

# HEALTH SITUATION GOOD, SAYS DR. LONG

Dr. George L. Long, county health officer, stated yesterday that to his knowledge there was but one contagious case of recent occurrence in the county, and that there are no new cases in the city.

The typhoid situation at Big Creek, which was cause for alarm, is well in hand, according to a report received from Dr. Rosenthal, who is in charge.

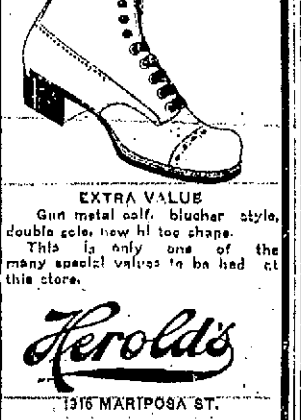

# Alsop & Quinby

# This Store Will Be Closed All Day Today

Admission Day

# Wormser Furniture Co.

Here is a new price on a complete Adder. On a machine that is rapid, full-size, and infallible. To very latest machine, built by men who know, in one of the largest metal-working shops. It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators. It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output. Seven days to all the world. Each "Sonder" number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute. And the machine never makes mistakes. Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them. We will gladly place in any office one American Adder for ten days' test. There will be no obligation, and no charges will be prepaid. Even the costliest. Let anyone use it. See if any machine can serve better than this. Just send in this coupon and we'll send the machine.
